THE LATEST NEWS.

Condensed Telegrams from All Quarters.

—The Memphis Exposition will be opened to-morrow.

—President Grant and party were in Atchison, Ks., yesterday, and received an enthusiastic reception.

—Thirty buildings, nearly the entire business part of the village of Ovid, N. Y., has been burned. Loss $50,000.

—A party of Indians raided into Coleman county, Texas, stealing a number of horses. A pursuing party killed one Indian and recaptured the stock.

—Phelps, the New York State Treasury official recently convicted of embezzlement, has again been found guilty on a charge of forgery. Another indictment is pending.

—Dr. A. Ruppaner, of New York city, late United States Commissioner to the Vienna Exhibition, has received the compliment of an election as corresponding member of the Imperial Royal Society of Physicians in Vienna.

—On Monday night, at Lake City, Minn., a young child of Mrs. Sheehan upset a kerosene lamp. The clothes of the child and two other persons in the room were set on fire, and all badly burned. Two of them died, and the other is not expected to live.

—The American Woman Suffrage Association commenced its annual meeting in Detroit on Tuesday. The attendance was moderately large. Col. Ferry, of Michigan, called the meeting to order, and introduced the President of the Association, Mrs. Julia Ward Howe, who delivered the annual address.

—The General Passenger Agent of the Central Pacific Railroad declares the reports of the robbery and swindling of their passengers by short card and monte sharps have been much exaggerated. He says the officers of the road do all in their power to prevent the success of the gamblers, who are licensed by the State of California.

—A Fort Garry dispatch says in the Court of Queen's Bench on Tuesday, a jury was empannelled to try Lepine for the murder of Scott, a Canadian, during the Riel troubles, five years ago. The jury consists of six French half-breeds, four English half-breeds, and two whites. Lepine is a Frenchman, as is Riel. The latter is the leader of the half-breed party. An acquittal will, of course, follow.

—The political campaign in Minnesota is getting very hot, and promises to continue animated and exciting. Col. W. S. King, the Republican candidate for Congress, in the St. Paul district, is denounced by the Democratic and Liberal Convention, and also by Mr. Donnelly. King responds to both the Convention and Donnelly, telling the latter that if he does not keep quiet an unwritten chapter of his history will be disclosed. Of the Democratic Convention, King demands that arrangements shall be made for joint meetings, when the Democratic candidate must make good the charges of the Convention, or see their falsity exposed.

STATE BREVITIES.

SNOW in the mountains.

MAHONING CITY has a gas works.

CORN HUSKINGS in the rural districts are now in order.

THE old arsenal on the Capitol grounds at Harrisburg will soon be removed.

READING says she has spent upwards of $1,000,000 this year in hotel building.

A MAN tried to burn Dunmore up because nobody there would give him a drink.

THE Allentown Rolling-mill is in full operation. The heaters are working on the basis of the sliding scale of wages.

THE Huidekoper Woolen Mills, at Meadville, commenced work on the eight-hour system Monday, with a reduction of wages of 20 per cent.

THE Beaver County Fair was a great success—financially and otherwise. The receipts were $5,734.65, of which $2,736 came from family tickets sold.

A TITUSVILLE politician, after taking on a cargo of juice made from corn of some other person's raising, got up to address a meeting of Grangers, and, in attempting to remark that he was a "horny-handed son of toil," said he was a "hany horned ton of soil."

THE State Normal school at Edinboro, Erie county, opened its fall session with the names of 452 pupils enrolled. Prof. Cooper, the Principal, has commenced the erection of a new building, the present one being too small for the accommodation of the pupils, prospectively.

MR. C. C. MINNELEY, late Postmaster at Linesville, which office he resigned some months since to accept a position as commercial traveler for Minnig & Co., Erie, died very suddenly of paralysis at President, Venango county, which place he had visited on business, on Monday evening.

A YOUNG lady in Corry, named Alice E. Clark, aged about eighteen, was taken with hemorrhage from the lungs while attending a concert on the evening of the 24th. She was carried home, and appeared to have recovered, but on Saturday morning following, she was again prostrated and died within half an hour.

A GENTLEMAN made the remark at one of the dining halls during the Fair, that the ladies in attendance were the *homeliest* he had ever seen. The ladies have been on tip-toe ever since, and are anxious to find out his name and his whereabouts, so as to present him with a *free* ticket next season.—*Beaver Times.*

SUPT. WOOD, of Clarion county, has about completed his examination of teachers for the ensuing term of school. Nearly three hundred applicants were examined, and about fifty refused certificates. There are one hundred and ninety schools in the county, consequently directors will have a chance of selection.

AT Pottsville, Friday evening, Thomas Farrell, on trial for the murder of Edward Bradley, near Minersville, in January last, was convicted of murder in the second degree, after the jury had been out twenty-seven hours. Farrell first shot Bradley, hen cut his body in two, and threw it down he shaft of a mine.

DURING the month of September the inmates of the Berks County Prison manufactured 1,209 yards of carpet, 62 bags, and 191 pairs of boots and shoes. There was received in cash for carpets sold $210.36, and for boots and shoes $109.65. Carpets to the amount of $575.65 were sold on credit, and boots and shoes to the amount of $1,158.82.

MR. C. C. BRUCE caught a coon on Wednesday evening, the 7th inst., on the hill above Shousetown, which weighed 18 pounds. It was very fat and hard to whip. It got away with Mr. Bruce's dog, but a blow from an axe was what ended the fight. If any of our "mighty hunters" can boast of bigger game than this, we will take pleasure in recording the fact.

IT is really astonishing to walk around this sober and modest old city and note the number of broken gates—gates hanging on but one hinge, and gates with no hinges at all. So long as such a large number of gates are regularly broken down each year, there is no immediate danger that Johnstown will eventually be rid of the tormenting small boy.—*Johnstown Tribune.*

ON Thursday afternoon a young man hunting in the woods on the bank of the lake north of Girard, discovered a man, apparently fifty years of age, hanging suspended by a rope fastened to the limb of a tree. The body had apparently hung there two or three months, as it was very much decomposed. He was well dressed and had removed his hat and coat before committing the act. Nothing found upon his person gave any clue to his name or place of residence.

EARLY Thursday morning two tramps were pushing their way along the railroad track near Altoona, and when in the vicinity of the east end of the Mount Union bridge they stepped to an opposite track to allow a freight train to pass by. At the same time the Pittsburgh express train westward bound came thundering along, the pilot of the locomotive striking one of the tramps and killing him instantly. The body was taken in charge by the railway authorities. The name of the unfortunate man could not be ascertained.

LAST FRIDAY a most extraordinary day's work was accomplished in a rail mill of the Pennsylvania Iron Works, Danville. There were heated, rolled, sawed, hot-piled, straightened and punched and in all particulars made ready for use, one *hundred and fifty-six tons of rails*, a feat that has never before been accomplished in the world inside of *twelve* hours, through one set of rolls, and the usual force of men. All Danville is tickled over this feat, and asks somebody's mill to beat it. The managers of the mill gave the men an oyster supper on Saturday evening in commemoration of the event.—*Miners Journal.*

OHIO ITEMS.

THE Barnesville gas works will be finished by Christmas—they say.

THE Marietta Chair Factory, which was burned last winter, has been rebuilt and is again in operation.

BRIDGEPORT is organizing another glass company, and $40,000 has already been subscribed towards the project.

THE Controller of Currency at Washington has authorized the First National Bank of New Lisbon, O., to commence business with a capital of $50,000.

SPAIN.

The Note to France.

LONDON, October 13.—The *Post* says the Spanish Minister at Berlin has presented to the German Government a copy of Spain's note to France.

Carlist Repulses.

A special reports that the Carlists entered Fontarabia under cover of the fog yesterday, but were expelled after they had burned part of the town. Simultaneous attacks were made on Irun and Sanmartial. The Carlists captured part of Behobia, but were finally driven out.

Carlists Surrendering.

SANTANDER, October 13.—A report has reached here that Gen. Dorregarry, with 800 Carlist troops, has gone over to the Republican army. The report lacks confirmation, but it is stated that two Carlist battalions have surrendered at Algarta, and that others are offering to surrender upon the condition that the "fueros" is respected. The Carlist provincial authorities in Durango have given public notice that those wishing to lay down their arms may do so.

LONDON, October 12.—A special to the Pall Mall *Gazette* from Santander confirms the report of the partial submission of the Carlists.

Insurrections Against Don Carlos.

LONDON, October 14.—A special to the *Times* reports that the city of Durango is in a state of insurrection against Don Carlos. Other Carlist towns have raised the white flag and advised the troops to lay down their arms. It is stated that a conspiracy existed to murder Don Carlos, and was frustrated. Gen. Elio has refused to command the Carlist troops on account of their acts of vandalism.

Gen. Moriones has asked leave from Madrid to march on Estella.

GERMANY.

Count Von Arnim.

LONDON, October 13.—The *Times* says that Von Arnim's son has written a letter, denying that his father had any hand in the publication of the ultramontane pamphlet entitled "Revolution from Above," in which the Foreign Office feared would be published the missing documents.

BERLIN, October 13.—Count von Arnim has been transferred from the prison to the Hospital of Charity.

Kullmann's Trial.

BERLIN, October 13.—The trial of Kullmann, for the attempted assassination of Bismarck, is set down for the 29th inst.

The Bishop of Treves.

BERLIN, October 13.—An appeal of the public prosecutors against the release of the Bishop of Treves has been rejected.

TURKEY.

The Succession.

LONDON, October 13.—The *Standard* denies that the Sultan has engaged to respect the ancient order of succession.

CONSTANTINOPLE, October 13.—The Government has withdrawn its prohibition of the transmission of cipher messages on the telegraph lines in Turkey.

A Town Destroyed by Fire.

CONSTANTINOPLE, October 13.—The Turkish town of Akhiolyi, containing 5,000 inhabitants, and situated on the Gulf of Burghas, has been totally destroyed by a conflagration.

GREAT BRITAIN.

A Damper to the Future King.

LONDON, October 13.—A public meeting was held in Birmingham to-night, at which resolutions were adopted protesting against the illegal use of public moneys to defray the expense of illuminating the city on the occasion of the anticipated visit of the Prince of Wales. The speakers denounced the Mayor, and accused him of seeking favor with the Court, in order to obtain knighthood. Opprobious epithets were applied to the Prince of Wales, and other violent language used, which called out strong expressions of dissent. The proceedings throughout were very disorderly.

FRANCE.

The War Steamer Oronoque Recalled.

PARIS, October 13.—It is officially announced to-day that the French war steamer Oronoque has just been recalled to Toulon. Her departure from Civita Vecchia implies no change in the relation between France and the Pope. Another vessel will be placed at the Holy Father's disposal at a French port in the Mediterranean.

BY MAIL.

From Germany.

NEW YORK, October 13.—The London *Times* of October 1st has the following telegrams:

BERLIN, September 30.—The *North German Gazette*, discussing rumors of the revival of the so-called North Schleswig question, lately set afloat, as it says, by English and Danish journals, affirms that the entire discussion is based upon the expulsion of four troublesome persons from Schleswig. The measure was neither general, nor theoretical, nor political, but was purely carried out by the provincial authorities in the interest of the security of the country. The German population quite agreed with the measure, which does not affect the Danish-speaking inhabitants, and there is no trace of the alleged excitement. Therefore all political conclusions attributed to a simple police regulation resolve themselves into nothing.

PARIS, September 30.—A Berlin paper states that the ex-King of Hanover has been endeavoring, since the visit of the German Emperor to Vienna, to obtain th removal of the sequestration of his property, and that the Austrian Court has favored this attempt. Prussia, however, would make his renunciation of all schemes of restoration to his throne a condition of such a step.

Counterfeiters Committed for Trial.

BUFFALO, October 13.—The notorious counterfeiter, Thos. Ballard, with Julia Ann and Elizabeth Britton, *alias* Elizabeth Ballard and Ann Adams, arrested last week for having in their possession a large amount of counterfeit currency, tools, presses, etc., were before United States Commissioner Scraggs to-day, and in default of $15,000 bail each, were fully committed for trial. It is supposed that Ballard has put in circulation over $1,000,000 counterfeit currency.

Additional Legislation Needed for the Redemption Bureau.

Report on the Cotton Crop.

WASHINGTON, October 13, 1874.

The New Loan.

Ex-Senator Cattell, who has been appointed Special Treasury Agent to negotiate the new loan, will be assigned to duty in London.

The Cotton Crop.

The condition of the cotton crop is indicated by the following State averages, deduced from October returns of the Department of Agriculture. The crop of Virginia is too small to influence perceptibly the general result: North Carolina, 85, a decline of 2 per cent. during September; South Carolina, 82, a decline of 4 per cent.; Georgia, 80, an improvement of 3 per cent.; Florida, 81, an improvement of 4 per cent.; Alabama, 75, a decline of 6 per cent.; Mississippi, 74, no change; Louisiana, 62, no change; Texas, 70, an increase of 5 per cent.; Arkansas, 55, an increase of 8 per cent.; Tennessee, 56, an increase of 4 per cent.

The above averages refer only to the condition of the crop on the first day of October, including its state of development, vitality and healthfulness. This is but one element in the calculation of the yield in quantity, which has not yet been completed.

The Redemption Bureau.

Congress will be asked for additional legislation to place the Treasury Bank Note Redemption Bureau in such a condition as will enable it to meet all requirements without the possibility of future suspension.

It is considered in official quarters that the deposit of five per cent. of reserves affords too slight a foundation for operators. Some banks failed to deposit even that amount when the bureau was established, and it was difficult to induce them to comply with the law. The amounts of worn and mutilated notes for redemption daily received are now comparatively small, but it is feared that if the Bureau should resume without due preparations, notes would be received in such accumulated quantities as to materially embarrass the business. It is uncertain when redemption will be resumed.

Supreme Court Proceedings.

The Supreme Court to-day heard the case of the City of New Orleans against the New York Mail Steamship Company, involving a decision of the question whether the military Governments erected in New Orleans after its capture had authority to lease property of the city for a term of years extending beyond the termination of hostilities.

Justice Clifford is ill with a cold, and did not sit to-day.

Internal Revenue Bureau.

The organization of the Bureau of Internal Revenue is working so well that no recommendation will be made to Congress for its amendment. The Commissioner says that owing to the reduction of the number of articles of taxation and the consolidation of the duties of officers, taxes are more easily collected than under former laws, with less opportunities for fraud, very few cases of which are reported.

Claims Against Cuba.

It is ascertained on inquiry of a United States arbitrator of the commission for the adjudication of claims of American citizens for damages resulting from the present rebellion in Cuba that at least a dozen cases, with proofs, have been presented, and the commission only await the preparation of briefs before formally considering them.

The Freedman's Bank.

There is a street rumor that Dr. Purvis, a son of the Commissioner of the Freedman's Bank, proposes to enter a criminal suit against members of the late Finance Committee of that institution for loans made by them in violation of the charter of the bank and without the knowledge of the trustees.

NEW YORK.

NEW YORK, October 13, 1874.

Protestant Episcopal Convention.

The General Convention of the Protestant Episcopal Church continued its session this morning. On motion of Rev. Dr. Schenck, of Long Island, it was resolved that the House re-enact the preamble and resolution passed at the session of the General Convention in 1829, viz.:

WHEREAS, In celebration of the communion office, there is a variety of posture observed, and it is desirable that uniformity, as far as practicable, should be obtained in this respect, therefore,

Resolved, That this House do respectfully request of the House of Bishops an expression of their opinion as to the proper postures to be used, with a view to effecting uniformity in that respect.

Charles A. Dana Declines a Mayoralty Nomination.

Charles A. Dana has declined the nomination for Mayor tendered him by the Industrial political party. Speaking of the progress of the municipal debt, Dana says "that if Tweed and Connelly were more rapid, Green and Havemeyer are none the less sure."

Alderman Ottendorfer Nominated for Mayor.

The County Convention of the German Independent Citizen's Association met to-night, and nominated Alderman Ottendorfer for Mayor.

An Arrangement to Destroy the Monopoly of Iowa Railways.

CHICAGO, October 13.—The *Times* this morning says: It has transpired that Sidney Dillon and Jay Gould, representing the Union Pacific Railroad Company, met at Denver a few days ago with prominent officials of the Kansas Pacific railroad, and entered into an agreement which specifies that the Union Pacific road shall hereafter pro rate with the Kansas Pacific line on all through freight and passenger business, and impose the same charges from Omaha as are charged from Kansas City to Cheyenne. It is also stipulated that the former shall so arrange the running of its trains as to enable the trains of the latter company to make the proper connections for the quick transit of their freight and passenger trains. There are some further stipulations concerning the completion of branch lines and other features, which are of no particular interest to the public. All of these stipulations are to remain in effect until a decision has been rendered by the United States Court. If this arrangement has been made it will destroy the monopoly heretofore held by the Iowa lines, and will inure greatly to the benefit of the Chicago & Alton railroad, which now has a through line to Kearney Junction, and will, it is said, put on through cars at once.

Propositions to Canvass the Louisiana Election Returns of 1872.

NEW ORLEANS, October 13.—McEnery, in an address published to-day, renews the proposition made by him in a letter to Kellogg in July, 1873, to submit the election returns of 1872 to be canvassed by five persons, two to be selected by each party, they to select a fifth, all to abide by the result of such canvass. Kellogg replies, saying he made a similar proposition before the returns had been canvassed at all. This proposition Gov. Wormouth declined. Kellogg says further: "I can now, of course, only speak for myself, but I would even now be willing, that the returns, though they have been nearly two years in the hands of the 'spoilers,' should be submitted to the examination of three or five distinguished persons, to be appointed, say, by the President of the United States, and if, after a thorough investigation, it does not appear that I was elected, I will willingly resign."

The Tobacco Crop Damaged by Frost.

LOUISVILLE, October 13.—Heavy frosts fell on Sunday and last night throughout Kentucky and Northern Tennessee over the great tobacco region. Well informed men from the country and dealers in the city unite in saying that great damage has been done to the growing crops of tobacco, variously estimating that from one-half to two-thirds of the entire crop has been killed. Specials to the *Courier Journal* corroborate the accounts of great damage all along the line of the Nashville road. It is probable that a heavier frost still will fall to-night, adding to the damage already done. The market here has been excited in consequence, the advance in prices ranging from one-half to one cent. per pound.

A Novel Addition to the Dinner Table.

The *Brewers' Gazette* says, and it ought to know, that we are to have a revolution, it appears, in wine glasses. London porter requires pewter, and hock a green glass, and it has now been discovered that sherry is not sherry unless drunk out of wood, so that we shall shortly have our dining tables laid out with tiny carved cups, instead of the orthodox wine glass with which we have long been familiar. At present the idea is only in its infancy, awaiting the artists who have under consideration the design of the new sherry cups. We may, however, mention that they will be larger than the present wine glass, more like the old port glasses which our grandfathers used.

State Elections Yesterday

A DAY OF REPUBLICAN VICTORIES.

The Entire Ticket Elected in Iowa and Nebraska.

THE INDIANA LEGISLATURE REPUBLICAN.

The Democratic State Ticket Elected in Ohio.

CONVENTION OF SOUTHERN REPUBLICANS AT CHATTANOOGA.

OHIO.

CINCINNATI, O., October 13.—Unofficial returns from seven city and two country precincts indicate that much scratching has been done and irregular gains. Saylor gains on the vote for Governor last year 60 in three precincts, and Stevenson in Clifton loses 20, gains 200 in the Seventeenth ward, loses 140 in the Sixteenth ward, gains 34 in the county township. The Liberal Republican vote of last year seems to return to the Democrats in some wards, to the Republicans in others, and in others to divide. The comparison of majorities is with the vote for Governor last year.

TOLEDO, O., October 13.—Partial returns from the District indicate the defeat of Pratt, Republican, for Congress, by from 800 to 1,000 majority. The Democrats also claim Lucas county by a small majority.

COLUMBUS, October 13.—Garfield, Republican, in the Nineteenth District, and Van Vorhees, Republican, in the Fifteenth District, are no doubt elected to Congress.

Up to midnight returns of the vote on Secretary of State have been received from 261 townships and wards, giving a net Democratic gain of 4,000 over Allen's majority in 1873. At this ratio the Democratic majority in the State will be 25,000. But few returns have been received upon the remainder of the State ticket or Congress. The indications are that the Democrats have carried the doubtful districts.

CINCINNATI, October 13.—A comparison of the vote on Secretary of State for ten city precincts and three townships, officially reported, shows 1,012 Democratic gain over the vote for Governor last year, in an aggregate vote of 9,000. Saylor, Democrat, for Congress in the First District, runs far ahead of his ticket. Only a few returns are in from the Second District, but they show Banning running behind, and Stevenson much ahead of his ticket.

CINCINNATI, October 13.—Basing the judgment on specials to the city papers, the Democrats claim the election for Congress of McMahon in the Fourth District, Hurd in the Sixth, Payne in the Twentieth, and Poppleton in the Ninth.

CINCINNATI, October 13.—The city and Hamilton county, casting 28,000 votes, give Bell, for Secretary of State, 15,000, and Wyckoff 12,200—a majority of 3,574 for Bell, the Democratic candidate. For Congress the same fifty-one precincts give in the First District 3,500 majority for Saylor, Democrat, and in the Second District 1,000 majority for Banning, Democrat.

CINCINNATI, October 13.—Out of 37,000 votes, with twenty country precincts to hear from, Bell, Democratic candidate for Secretary of State, gets 4,500 majority; Saylor, Democrat, for Congress, in the First district, has 4,200 majority over Green; Banning, Democrat, in the Second district, has 1,200 majority over Stevenson.

INDIANA.

LOGANSPORT, Ind., October 13.—The election passed off quietly, with the largest vote ever polled. The Democratic State ticket carries the county by the usual majority. The Democrats will elect their State Senator, and the Republicans will probably elect their Representatives.

INDIANAPOLIS, October 13.—Returns come in very slowly, with nothing to indicate a definite result. On the State ticket a few scattering returns show about equal Republican and Democratic gains. The vote for the Indepenpent ticket is very small. Comparisons will be made on the vote for the State ticket in 1872. The Republicans claim a majority in both branches of the Legislature. Of the twenty-four Senators holding over, seventeen are Republican. Twenty-six are to be elected.

INDIANAPOLIS, IND., October 13—Twelve o'clock.—Returns from the State election are very meager. Official reports from sixteen townships in fourteen counties show Republican gains of 291, and Democratic gains of 194. Net Republican gain 97.

There is no probability now of getting enough returns to-night to indicate the result on the State ticket.

TERRE HAUTE, Ind., October 14.—The German Republicans having resolved to vote the Democratic ticket in consequence of the opposition of the Republican party on the temperance issue, the Democrats have gained from 300 to 500 votes in this county on the State ticket.

NEBRASKA.

OMAHA, October 13.—Reports come in slowly from outside precincts. Returns received show good majorities for the Republican nominees for State offices. The greatest interest seems to be the result of the election of Legislators, as the complexion of the next Legislature will determine the election of a Senator to succeed Tipton, whose time has expired.

OMAHA, NEB., October 13.—Returns received up to midnight enable an approximation to be made. Full returns will not be in before to-morrow. It is conceded that Lorenz Crounz, Republican, is re-elected to Congress by a majority of nearly 10,000. Silas Garber, Republican, is elected Governor by about the same majority. P. O. Hawes, Republican candidate for Contingent Congressman, runs away ahead of the ticket. The whole Republican ticket is undoubtedly elected by a large majority. The Legislature will stand about as last season, Democrats 12 and Republicans 40, giving the Republicans a majority of 28 on joint ballot, which secures the election of a Republican United States Senator as successor to T. W. Tipton.

IOWA.

DES MOINES, October 13.—Indications are, from returns so far received, that the Republican State ticket has been elected by the usual large majority, and that the entire delegation in Congress is Republican. The opposition to Kasson in this District in his own party does not seem to have taken away enough votes to destroy his majority.

DES MOINES, October 13.—At this hour (10:30 P. M.) the returns indicate 600 majority for the Republican State ticket in Polk county. The vote for Congressman is probably close, with the chances in favor of Kasson. Of six townships in Polk county heard from, all in the country, four are for Kasson and two for Whitmore.

WEST VIRGINIA.

WHEELING, W. Va., October 13.—A very large vote was polled in this city to-day, and from the great amount of scratching, no townships have as yet reported. Their counts will probably not be completed before morning. Returns from the interior are coming in very slowly. As far as received, Goff, the Republican candidate for Congress, is in the lead. Faulkner, Democrat, for Congress from the Second District, is undoubtedly elected.

DAKOTAH TERRITORY.

BISMARCK, D. T., October 13.—The election passed off quietly. Bismarck polls 399 votes. Kidder, Republican, for delegate to Congress, has 100 majority. The local Democratic ticket was elected.

YANKTON, D. T., October 13.—Returns from ten towns give Kidder, Republican, 307 majority for Delegate. The indications are that his majority will exceed 1,200 in southern Dakota, and 2,000 in the territory.

ARKANSAS.

LITTLE ROCK, October 13.—The election to-day was one of the most quiet and orderly ever held in this city. Not a single disturbance occurred. The vote was quite full. The indications are that the Conservatives have carried the city by two hundred majority and the county by three hundred and fifty majority.

Convention of Southern Republicans at Chattanooga.

CHATTANOOGA, October 13.—The Convention of delegates from the reconstructed States met to-day, and was called to order by Senator Clayton. Wm. Markham, of Georgia, was made temporary chairman. After the appointment of committees on organization and credentials, the Convention adjourned to four o'clock. North and South Carolina were not represented.

After reassembling the following letter was read to the Convention from the Republican Congressional Executive Committee:

To ——, delegate to the Chattanooga Convention, October 13—Sir: Considerate men who have given the subject attention regard the movement for a Convention of Southern Republicans as of very great importance to the section of country to be represented. They believe that if calm and considerate counsels prevail, and the delegates come together possessed of facts bearing upon the condition of Southern communities, and lay them before the country in an authentic and concise form, an impression will be made which may favorably affect the judgment of the well-disposed in every section. At this Convention a record should be fully and honestly made up, showing all hindrances to the material, moral and intellectual progress with which Republicans have had to contend, what progress has been made, and whether in the States and sections where the Democracy has control any of the great interests of society have prospered more, and which, if any, have been depressed; also, whether persons or property have been more or less secure, and the reasons therefor, whichever the fact may be. Outrages of all classes should be carefully reported, whether resulting in crime or extending only to intimidation. The spirit and purpose of the action of the Legislative, judicial and executive departments should be reviewed. All, in fact, that tends to disorder, lawlessness or oppression may well be considered. Upon the whole record thus honestly and fairly made up, the considerate judgment of the American people may be safely invoked. To sincere and thoughtful statesmen who will assemble on this occasion these suggestions are believed to be entirely unnecessary, but lest some should deem them unwarranted, I here state that they are suggestions only, and that they are submitted with great diffidence, but with a sincere hope that they may to some extent aid in securing careful preparation for the work of the Convention and full attendance upon its sittings.

(Signed.) J. M. EDMUNDS, Secretary.

Lewis E. Parsons, of Alabama, was elected permanent President and proceeded to address the Convention. At the conclusion of his remarks it was ordered that a committee of three from each State be appointed on resolutions, and a committee of one from each State to prepare an address upon the condition of affairs in the Southern States. It was resolved to appoint a committee of one from each State delegation to gather and collate facts and statistics in regard to the condition of the Southern States.

Mr. Hill, colored, Secretary of State of Mississippi, introduced a resolution endorsing the civil rights bill, which was referred to the Committee on Resolutions with manifestations of disapproval on the part of the white members.

Governor Brooks, of Arkansas, addressed the Convention, making a bitter attack upon the White League, and proclaiming reconstruction a success. He said he preferred a Government of thieves to one of murderers. He demanded more legislation for the protection of Southern loyalists, increased jurisdiction of the Federal courts, &c.

AMUSEMENTS.

Pittsburgh Opera House.

Bulwer's unrivaled play of "Richelieu," with its splendid display of gorgeous costumes was produced last night at this place of amusement, with Mr. McCullough personating the character of the great Cardinal. There are few plays that afford an actor better opportunities to exhibit his ability as a tragedian than does "Richelieu," and the manner in which Mr. McCullough performed his part last night leaves precious little room for criticism. Richelieu certainly was not in any respect a man upon whom an inordinate amount of affection could be bestowed. His ambition, his love of fame and power were so absorbing that he had but little time or inclination to care for others, though whatever he placed his protecting arm around was safe. None dare cross his pathway with impunity. His confidence in his own power could find no better exemplification than in his denial of *Julie* to the King. So true and conscientious was Mr. McCullough last night in his portrayal that at times he almost carried his auditors away with enthusiasm. His outbursts of strong, intense passion, won for him repeated rounds of applause, and he was frequently called before the curtain. In the scene wherein he draws the holy circle of the church around the trembling *Julie*, and invokes the curse of heaven upon the one who dares to cross it, Mr. McCullough apparently forgets that he is only acting a part, and the audience awakes to a realization of the same only when the pent up feelings of the breast spontaneously break forth in plaudits.

Miss Troy's *Julie De Mortimer* was an excellent piece of acting. Mr. Elsler had not much to do as *Joseph*, but that little was done well. Mr. Egbert makes a first class villian, but *De Baradas* is one of those characters that never win much sympathy.

Library Hall.

The indications are that Madame Janauschek will draw well when she appears next week at Library Hall. Her company is a very fine one, selected with care, and numbers among it many well known artists. Among them is Mr. A. D. Bradley, an actor who is always accorded a warm welcome whenever he comes to Pittsburgh. He appeared here last with the Jane Coomb's Combination, and many will be glad to welcome him back again. On Monday night Madame Janauschek will play "Mary Stuart," on Tuesday night, "Temptation," and "Deborah," (Leah, the Forsaken) on Wednesday night. The sale of reserved seats will commence to-morrow morning, at the music store of Kleber Bros.

Fifth Avenue Theater.

Something new is presented by Sanford's Minstrels every night, and the Fifth Avenue Theater, the doors of which have for so long been closed, is again becoming a popular place with amusement seekers. As members of the burnt cork profession Sanford's troupe ranks among the best, and all of them labor hard to give the best they have in the "shop." Stale jokes are at a discount with them, and the aim is always to produce something that is striking, original and fresh. A family matinee will be given this afternoon, commencing at two o'clock, and a choice programme has been prepared.

The Thomas Concerts.

The lovers of good music are promised an exceptionally fine entertainment in the concerts of the Theodore Thomas troupe, which commence on Friday evening at Library Hall. This incomparable organization, numbering, we believe, over sixty performers, has a reputation that is unequaled, and at no place is that fact better known than in Pittsburgh. Seats are being sold at Kleber's.

NOTES.

TOOLE's terms outside of New York are a certainty of $1,000 a week, and share after that. He has also a salary list of $240 per week.

AT a recent benefit given in Paris to the veteran actress Dejazet, Queen Isabella of Spain occupied a box and with her the Prince of Asturias. He is a handsome youth of seventeen, well grown, of a graceful figure and with an open and intelligent countenance.

CARLOTTA GRISI was noted for a highly poetical habit, which revealed her sensitive nature. When behind the scenes, she used to have a nosegay of fragrant flowers, roses being her especial favorites. She would eagerly inhale their perfume up to the last moment, and then hurriedly throw them to her maid when she had to appear on the stage.

CLARA MORRIS is studying the parts of Lady Macbeth. Evadne and Julia, in the "Hunchback." When Miss Morris was in Paris, writes Jennie June, she went to see a physician. He looked at her spine, and said, "You are an actress, or a singer." She said, "I am an actress. I suppose you will tell me what I need is rest?" "No," he replied, "rest to you would be death, or worse than death—paralysis. You *must* act; you cannot help it. You must in some way exhaust the enormous amount of nervous force you will create, or it will consume you." It is her life, therefore, which must be a short one, which Clara Morris puts into her representations, and one so true to her own conceptions, so faithful to her author's ideal and her own, should be judged from that standpoint only.

DISSOLUTION OF CO-PARTNERSHIP.

A Bill in Equity Filed to That End.

A bill in equity was filed in the Common Pleas Court yesterday morning by P. C. Devlin, John F. Devlin, Joseph F. Devlin, Luke J. Devlin and Annie Devlin, through Geo. P. Hamilton, Esq., and Messrs. Fetterman, Johnson and Flack, against Joseph Walton and Peter Haberman, to compel a dissolution of co-partnership and the adjustment of affairs by a receiver. The partnership is in the business of mining, transporting and selling coal under the name of Haberman & Co. They allege that since the co-partnership was formed in 1871, upwards of thirty-three acres of the coal contributed to the capital stock has been mined and sold for about $290,456.21, while the expenses of mining and selling the same amounts to $331,233.82, as appears by the books for the firm, and for which coal no money was ever paid. They aver that all the coal and slack mined and shipped below Pittsburgh by the co-partnership, was sold by the defendants to the firm of Walton & Co. at prices much below the ordinary market rates at such times. They further state that the feeling now existing between the different members of the firm renders dissolution absolutely necessary.

Sore Throat—Tight Collars.

An eminent physician, who devotes his whole attention to diseases of the throat and lungs, told us the other day that about three-fourths of all throat diseases would get well by wearing very loose collars, and no necktie at all. He said that often singers would come to him for throat disease and loss of voice, and he would tear open their cravats and cure them with no other treatment whatever. "The pressure of the collar on the arteries of the neck is very bad for the health," said he. He also added: "If you have a disease of the throat, let nature do the curing, and the physician just as little as possible."

AFFAIRS AT BEAVER FALLS.

Correspondence of the Pittsburgh Gazette.

BEAVER FALLS, PA., Oct. 18, 1874.

We are having some stir in the political field, but not as much as one would suppose, considering the importance of the November election in Beaver county.

The Republican candidate for Judge, Mr. Hice, is a resident of this place and eminently qualified for the position his friends intend to give him, if possible by their votes at the ballot box.

The Republicans think his election beyond a doubt. His legal talent, his gentlemanly and Christian bearing have given him a place in the hearts of the people, which will result in a heavy vote.

Reduced Time.

Some of our factories have reduced time to eight hours per day, others remain at ten. Business is about as it has been for some time in the past.

Thieves Still at Large.

The thieves who broke into Mr. Craighead's store and carried away nearly one thousand dollars worth of goods, are still at large. There are so many idle people in our city who live, nobody knows how, that it is difficult to locate the guilt.

Jack Frost made us a visit last night, and the flower gardens are complaining. W.

How to Cook Potatoes.

Peel and either boil or steam two pounds of potatoes till they fall to pieces; if boiled drain the water from them, and let them stand by the side of the fire, with the lid off, for five minutes, to let the steam evaporate; add a lump of butter about the size of a small egg, or more if wished, and when this has melted, break up the potatoes as small as possible with a fork, and then mash with a wooden spoon, adding milk by degrees till they are the proper consistency. Turn into the dish, and smooth them with a spoon. If liked, they may be put in the oven for a few minutes to brown. Salt will, of course, have been put in while they were boiling. Pepper is sometimes added, but this is a matter of taste.

A CARD.

We would respectfully inform the public of the reasons why we sell

CHINA WARE

AND

ENGLISH STONE CHINA

SO CHEAP,

And also why we offer the largest and most varied assortment of

Decorated Ware of all Kinds.

1st—We import all our wares direct from the factories, in England, France and Germany, and consequently can sell at such low figures.

2d—We have a Decorating Establishment connected with our House, and employ none but first-class China artists, thus enabling us to present the greatest variety of patterns, and to match at any time, sets purchased from us and save to our customers that profit made by middlemen.

From the above the public will see the advantages we offer—that of a large stock—the greatest variety of Decorations at the lowest prices. All wanting anything in our line would do well to consider our House before purchasing.

KING, REED & CO.

WEDNESDAY, OCTOBER 14, 1874.

BONDS at Frankfort 97⅜.

PETROLEUM at Antwerp 25f.

GOLD closed in New York yesterday at 110.

WE are gratified to notice that Attorney General Williams has determined to prosecute the murderous White Leaguers of the South. Yet the people should rebuke the party that stands affiliated with these Leaguers, all the same.

MASSACHUSETTS is rapidly making up her Congressional nominations. George F. Hoar is nominated by the Republicans in the Ninth District. Butler and Hoar represent important districts, and are familiar names in Congress.

THE County Executive Committee has resolved to hold two meetings a week in Allegheny and the South Side, and three a week in Pittsburgh. This will be a good move, but we would suggest that they be held indoors. The damp air is not conducive to good meetings.

AFTER all, the opposition to Butler in his District was not enough to make the contest interesting. He stands as the Representative of his people, and is to be a watchman on the Congressional walls. With all his peculiarities, he deserves success, and is generally sure to get it.

THE decision of Judge White is criticised in what seems to us an unfriendly spirit. No harm comes to the city from the decision, and the question whether the term "responsible" covers merely the question of financial responsibility is a very open one. It is a case for the Courts, and we will not argue.

THERE is something very amusing in the reports from Europe, of battles between the Republican and Carlist forces in Spain. Ten hours of severe fighting between an army and 3,000 Carlists resulted in a loss of fifty persons. What terrific fighting that was! An old-fashioned Donnybrook fair would be attended with more casualties than this in less than one hour.

VON ARNIM seems to be having quite a tough time of it in his conflict with the German Government. He has petitioned the Courts to recognize his proprietary right in the documents he has detained, which is about equivalent to asking Bismarck to do it. The charge of treason has been alleged against him, and this will doubtless be pressed. He holds securely to the documents, however, and in that has the upper hand of the Government.

WE URGE upon our Republican friends that the time has come for the vigorous prosecution of the canvass. It will probably be difficult to hold out-door meetings, but all the elements of effectiveness as found in other forms of effort may be attended to. Personal intercourse, complete organization, and all the machinery necessary to the effective prosecution of the canvass can be attended to. It would be a shame and disgrace for Allegheny county to fail to carry through its work and give a Republican majority that will at least compare with the times gone by.

THE New York *Tribune* joins hands with the Democratic press, by attempting to discredit, in advance, the meeting of Republicans at Chattanooga, to discuss the affairs at the South. The Convention will be made up of Southern men, and we will be disappointed if they do not dispassionately and calmly consider the situation of affairs, and seek to give a fair explanation of the situation. But it is assumed, in advance, that the "bloody rag of Ku-klux outrages" will be valiantly displayed. We remind all concerned that there is no need of Republicans attempting to do this, as the White Leagues are again busy manufacturing bloody rags in a way peculiarly their own. They do not intermit very much in the rag business.

THE business of asking complimentary votes is being developed, on a larger scale, by Democratic candidates, than we have known it to be for years. It represents a concerted movement to secure election by means of false pretenses. Every assurance is given that it will do no harm,—they do not expect to be elected,—it is a matter of friendship, or good will. But *they do hope to be elected*, by these very complimentary votes. We urge every Republican who has been thus beguiled into a promise to go to the party to whom it was made and withdraw it. This is right and honorable. A man has a perfect right to reconsider, and change his purpose, if he acts candidly toward the party interested. Preserve your manhood, by withdrawing a dangerous promise.

INFORMATION has been received by the Harrisburg *Telegraph*, to the effect that by the close of the financial year—November 30, the State debt will be reduced $1,300,000. Over *one million of dollars* have already been paid on the debt, during the financial year, and the Commissioners of the Sinking Fund have called in $300,000 of bonds, the interest on which will cease on the first of November, thus completing the full $1,300,000. In thirty-one years, the Democracy developed a State debt of over $40,000,000. In thirteen years the Republicans have reduced the amount nominally $19,000,000 of the debt, but actually much more than this, if the bonds in the Sinking Fund are counted. But to this may be added that the present has been an unusually trying year, and the results are very remarkable. This is the contrast between Republican and Democratic rule.

THE GAZETTE has no purpose to administer aid and comfort to the State Ring, nor on the other hand does it propose to give aid to the Democratic party. The assumption of a professedly Republican paper that it is better to have the Democracy succeed than to allow a Ring candidate to the Legislature be elected, betrays the *animus* with which it is edited. When an assault is made on the Republican ticket, if injury follows, it is not so clear that it will fall on Ring candidates alone. It may not even touch them at all. But to defeat really reputable Republicans would be a severe calamity. More than this, we hold that the public issues involved in the pending conflict are really of large importance. We mention them elsewhere, but refer to them here to say they are of great value. It is ever well to inquire whether, when striking others, we do not injure the Republican party more than we do the Ring.

IT BEGINS to be very evident that our Centennial Exposition will be a great success, so far as the display of articles from other parts of the world, and the presence of distinguished visitors are concerned. Columbia, in South America, has appropriated $25,000 to begin the work of preparation. It is now pretty certain that the representation from all parts of the western hemisphere will be complete and excellent, and that in this respect the Exposition will surpass those that have taken place in Europe. In all probability we shall also have thousands of visitors here from all the countries represented, among them being the Emperor of Brazil. It is to be hoped, also, that the President of Mexico and the Governor General of Canada will be present. France has just appointed official agents for the Exposition, and we shall have also representations from Liberia, Japan, China and the Sandwich Islands. The European contributions promise to be remarkable in extent and variety, and the art collection will be the grandest ever seen in America. Of course the display from the various parts of this country will be unusually grand.

THE RECIPROCITY TREATY.

The claim of the *Post* that the Canadian Reciprocity Treaty represents a phase of Republican policy, in that President Grant forwarded it to the Senate, enables us to say that such is not the fact. The Reciprocity treaty was an outgrowth of the Washington treaty and the Geneva arbitration and was forced on the administration by England, in so far as to have it sent to the Senate. President Grant has explained that in thus forwarding it, he merely did an act of courtesy to England, just as a member of the Legislature or of Congress may do an act of courtesy to a constituent by introducing a bill he may wish to have passed, reserving the right to oppose the bill. So President Grant not only did not recommend the passage of the Reciprocity treaty, but privately expressed his desire that it might be defeated. So have the Republican Senators in Congress openly and positively opposed it. Thus the Republican party, from the President down, oppose the treaty. A movement by a dominant party, done as an act of courtesy, but which is opposed where opposition means something, cannot be called a feature of its policy.

On the other hand, the Democracy in their party platforms, the country over, have declared *in favor of the principles involved in the Reciprocity Treaty*. Even the *Post*, published right in the midst of a city, whose industries have grown up under the fostering policy of protection, is so far influenced by the prevailing tendency of its party as to say, "Where we have to face the present condition of things *we do not see how repealing the tariff can make matters worse*." Let us, then, get at the exact facts. 1. International courtesy required the sending of the Reciprocity treaty to the Senate. 2. In sending it, the President not only did not recommend its passage, but privately declared against it. 3. Republican Senators oppose it. 4. Republican platforms,—that of this State particularly, oppose it. 5. This opposition is based on the fact that it means free trade. 6. For this reason, the Democracy favor it. 7. This favor is general and pronounced. 8. It follows, therefore, that if elected to Congress, or through the Legislature, their men will vote for it. 9. Can Pennsylvanians afford to send Democratic free-traders to Congress?

LIVE ISSUES.

We are not surprised that the *Post* should be anxious to have the canvass urged on side issues, to the exclusion of those which are real. The Credit Mobilier, and all such matters, were disposed of long ago, and we happen to remember that the two persons convicted were—one a leading Democrat, and the other a Republican. Also, that a Republican, Speaker Blaine, forced on the investigation, while the Democrats in Congress generally sought to prevent the investigation. We are not afraid of the side issues; but the real ones are, the present utterances and actions of the parties. What are they, and what do they propose? The Democrats, *as a party*, are free traders, and stand committed in doctrine to the Reciprocity treaty, which will give us, not only free trade with Canada for twenty-four years, but with the thirty-five other Governments that have treaty relations with our Government. In brief, they propose for us universal free trade. This cannot be denied; and it is not obsolete. It is what they are committed to *now*. Also, they are against the Civil Rights bill. Interpreted in the light of the numerous doings at the South, which have suddenly revived again, this means a refusal to abide by the Constitutional amendments; an attempt to force the colored people at the South back into thraldom and substantial slavery, and to drive out or kill white Republicans. This is a *very* live issue just now. Another issue, is the pledge of good faith on the part of a political party worth anything? The Democrats, no longer back than their Baltimore Convention, *pledged* themselves to abide the Amendments. To-day they are making issue against them. This is a present-time issue. Still another is,—what kind of currency, and what description of monetary policy shall we have? The Republicans say greenbacks, National bank notes, and soon as can be, without injury to the business interests of the country, specie payments. And this has been its uniform and consistent policy. What of the Democracy? They have denied the constitutionality of the greenback issue, as well as the right to charter National Banks; have turned upon their own principles, and proposed to pay the entire national debt in greenbacks, and now propose gradual return to specie payments,—copying the last from the Republicans. The question is, can a party that so readily changes its views on grave public questions be trusted at all? This is a live issue. We say no,—and that Republicans should stand shoulder to shoulder, refusing to turn away from their ticket at all. Above all, they should give no countenance to Democrats.

SECRETARY INTERNAL AFFAIRS.

General Robert B. Beath's administration of the office of Surveyor General has been so able and acceptable as to even challenge the respect of the Democracy, and it would seem almost superfluous for us to refer to it; but his increasing efforts to protect the legal land owners of the State from annoyance and litigation heretofore often forced upon them by a class of adventurers who, under the laws as they existed prior to the act passed at the last session of the Legislature, could with but a slight stretch of conscience bring themselves within the easy requirement of the statutes, and make application for warrants to take up land which in equity, to say the least of it, belonged to those who had made it valuable by their labor or had paid a full price for it, being ignorant of any flaws there might be as to the title being fully and clearly out of the Commonwealth, seems to merit some publicity at our hands for the information of the intelligent voters who in a few days must choose between this tried public servant and gallant soldier and his Democratic opponent, who is without experience in our complicated land system and whose war record was marred by an unpatriotic letter in 1864, which remains unexplained and which will stick to him like the "Shirt of Nessus."

In this locality Gen. Beath's action to protect the land owners is not unknown, for many of our readers will remember the strong and persistent attempt to obtain titles to nearly 50 acres of land along the Allegheny river front of the city, on which there are improvements to the value of several millions, but which were claimed by the applicants not to be of the kind to give a pre-emption right under the then existing laws. In these cases Gen. Beath, notwithstanding the heavy pressure to allow the warrants to issue and and go to the Courts for adjudication, which would at least for the time being have cast a shadow on all the titles of our valuable Allegheny front, after a very full and careful investigation absolutely and unconditionally refused to grant the warrants—taking upon himself all the responsibility of his course.

The act of 14th April, 1874, which was passed upon the urgent recommendation of General Beath, and after his strenuous and successful efforts to prevent its emasculation in the lower house, forever prevents any further attempts of this kind from being made in this *city* or any other city of the Commonwealth, and prevents anybody other than the *improver* or his assigns from obtaining a title to any of the *vacant improved lands of the State.*

The Land Department will be merged into that of Internal Affairs, and our citizens who really owe a debt of gratitude to Colonel Beath, will be glad to remember the services he did them by using their influence to swell his majority at the ensuing election. He is worthy all the effort that can be put forth in his behalf.

NEW BOOKS.

KATHERINE EARLE: By Miss Adeline Trafton. Illustrated. Published by Lee & Shepard, Boston; and for sale in Pittsburgh by R. S. Davis & Co.

A story of New England life, in which the heroine is shown to be an impulsive, high-strung, noble woman, in the main, but not free from faults. She loves unworthily, but makes amends, and secures happiness before retrievement is too late. The character sketching in the volume is very good, and here and there are descriptive touches worthy the best of romancers. The book is full of real life; its hopes and fears, its conflicts and defeats, and triumphs; its loves and disappointments; all interwoven in a most charming way. It is a romance that for purity of tone, natural simplicity in character portraiture, and general vivacity of style, deserves a high place in the ranks of fiction.

ANECDOTE BIOGRAPHIES OF THACKERAY AND DICKENS. Edited by Richard Henry Stoddard. Published by Scribner, Armstrong & Co., New York, and for sale in Pittsburgh by R. S. Davis & Co.

This is one of the Bric-a-Brac series, and is, indeed, "Infinite riches in a little room." One picks up this dainty little volume, so beautiful in its letterpress, as though it were a rare and valuable jewel; and one reads its anecdotes and the silvery comments from the pen of the gifted editor, with a feeling of unalloyed delight. These anecdotes so carefully selected, and arranged with such consummate artistic skill, give a clearer insight into the lives and characters of those two princes of the pen, than could, perhaps, be gained from the most elaborate biography. This is the second volume of the Bric-A-Brac series, and gives further proof—inspired by the first of the series—that all the work is to be perfectly and exquisitely performed.

THE GIANTS AND HOW TO FIGHT THEM, and Wonderful Things by the Rev. Richard Newton, D. D. Published by Robert Carter & Bros., New York.

Dr. Newton is the most popular preacher of children's sermons in America, and the present volume shows no falling off in his peculiar power. He tells the children—and children of older growth will profit by his instructions—how to fight the Giants of Heathenism, Selfishness, Covetousness, Ill-temper, and Intemperance, and also of the Bible as the Wonderful Staff, and the Savior as the Wonderful Comforter, the Wonderful Guide. The "little sermons" are full of interest and profit—for Dr. Newton is one or the rare men who can combine elevation of thought, simplicity without childishness, and practical views of life and its responsibilities.

SYNOPTICAL LECTURES on Books of the Holy Scriptures. Second series. Isaiah—Acts; by the Rev. Donald Fraser, D. D. Published by Robert Carter & Bro.'s, New York.

Prof. Fraser writes with terseness and vigor, and has a rare faculty of grouping much in little. His style is very clear, and his treatment of his subject such as to give the reader, in a few words, the salient features of the book, or personage treated of. The present volume embraces lectures on the Hebrew Prophets and of the first five books of the New Testament—the comments and explanations being enriched with a wealth of correlative facts, and giving evidence of a full appreciation of the subject, and a mind that sweeps the highest ranges of learning and thought.

YALE LECTURES ON PREACHING. By Rev. Henry Ward Beecher, delivered before the Theological Department of Yale College. Third series. Published by J. B. Ford & Co., New York.

This is the third and closing volume of this series, which has been read alike by preachers and laymen, all over the land. There are twelve lectures in the volume, and they are fully as rich as any of the others, in that beauty of illustration for which the great preacher stands unrivalled. The practical suggestions as to the study of the Bible, the method of preaching its truths, the aids to personal self-improvement, the right conceptions of man's responsibility, and God's attributes, are set forth in a clear, ringing, fresh, and inspiring way. The book is well worthy of the great expounder.

CAPT. WM. KIDD and others of the pirates or buccaneers who ravaged the seas, the islands, and the continents of America two hundred years ago. By John S. C. Abbott. Illustrated. Published by Dodd & Mead, New York, and for sale in Pittsburgh by R. S. Davis & Co.

This is one of the "Pioneers and Patriots of America" series, and gives a brief but graphic description of the heroes of the days of Buccaneering. The volume is written with the grace which characterizes Abbott's pen, and the story as told is sufficiently well authenticated by corroborative facts as to give the volume a place among condensed histories. The juvenile mind will be delighted with it.

VALENTINE, THE COUNTESS; or, Between Father and Son. Translated from the German of Carl Detlef by M. S. Philadelphia: Porter & Coates; Pittsburgh: R. S. Davis & Co.

A story of high life in Germany, among the nobility, some of whom were noble in thought as well as by birth. The Countess is a lady of surpassing loveliness, and of highest character, who, by a combination of circumstances, finally comes in as mediator between a father and a long forgotten son. The story is well told, is somewhat exciting in plot, but never overdrawn, and a book worthy of perusal.

BY STILL WATERS. A story for quiet hours. By Edward Garrett. Published in New York by Dodd & Mead. For sale in Pittsburgh by R. S. Davis & Co., Liberty street, Pittsburgh.

By "Still Waters" is meant the restfulness of a devout soul. The heroine of this story is a maiden lady who devotes her life to making other people happy, she having a fortune which places her above necessity for toil for her personal support. The book inculcates a good moral, and is fairly written, but is rather too full of moralizings for the general reader.

A FATAL PASSION; or, "Gerfaut," By Chas. De Bernard. Published by G. W. Carleton & Co., New York. For sale in Pittsburgh by J. R. Weldin & Co.

This is a French novel of the highly wrought class. In brief, it is the story of a wife who bestowed her affections upon a rival to her husband and at last succeeded in getting the husband shot and herself finding a suicide's grave.

THE LIFE OF HORACE GREELEY, Including Graphic Notices of Important Historical Events, Political Movements and Eminent Journalists, Politicians and Statesmen of his Times. By L. D. Angersoll. Illustrated with portraits and other engravings. Published by John E. Potter & Co., Philadelphia.

This is a well written history of the great editor's life and work, and a candid estimate of his character and influence, and of the times in which he lived. The book gives many new facts, and as a whole is perhaps the best story of Greeley's life that has yet appeared.

RISEN FROM THE RANKS; or, Harry Walton's Success. By Horatio Alger, Jr. Published by Loring, Boston. For sale in Pittsburgh by J. R. Weldon & Co.

The story of a "Printer's Devil" who worked his way up to Congress, through manly application, and earnest work. It is a good book to put in the hand of a boy who needs a little stirring up.

NORWOOD; or, Village Life in New England, by Rev. Henry Ward Beecher, illustrated. Published by J. B. Ford & Co., New York.

"Norwood" has been read and enjoyed by thousands, and it is reprinted now to give pleasure to thousands more. As a novel, so far as deep exciting plot is concerned, it is not remarkable, but as a prose poem of wonderful beauty, it stands almost unrivalled.

GOLDEN APPLES, or Fair Words for the Young. By the Rev. Edgar Woods. Published by Robert Carter & Bros., New York.

The volume contains a dozen sermons to children, after the style of Dr. Newton, of Philadelphia. The writer has a pleasant style, and has succeeded very well in making his sermons interesting to children without being childish.

FIELD, COVER AND TRAP SHOOTING. By Adam H. Bogardus. Champion wing shot of America. Embracing hints for skilled marksmen; instructions for young sportsmen; haunts and habits of game birds; flight and resorts of water fowls; breeding and breaking of dogs. Edited by Charles J. Foster. Published by J. B. Ford & Co., New York.

The title of the book fully sets forth its scope. It is full of details, that will arouse the enthusiasm of the youthful or venerable Nimrod, and is doubly entertaining from the fact that the author weaves in some of his own experiences.

PROSPER MERIMEE'S Letters to an Incognita, with Recollections by Lamartine and George Sand. Edited by Richard Henry Stoddard. Published by Scribner, Armstrong & Co., New York, and for sale in Pittsburgh by R. S. Davis & Co.

This is volume three of the Bric-A-Brac series, and is as pretty as a picture typographically, and in literary style as fascinating as the most bewitching romance.

SILVER CAROLS; a collection of new music for Schools and Colleges. By J. H. Leslie and W. A. Ogden. Published by W. W. Whitney, Toledo, Ohio.

This is a collection of very pretty songs set to easy music. There are songs for all ages and occasions.

RUNNING TO WASTE. The story of a Tomboy, by George M. Baker. Published by Lee & Shepard, Boston.

The story of a girl full of fun and frolic who of course turns out to be a noble, generous hearted woman.

TOINETTE. A novel by Henry Churton. Published by J. B. Ford & Co., New York.

This is a story of plantation life before the war and of scenes during the strife. It is written in a stilted style, and is not particularly interesting in plot or in literary grace.

ROSALIE'S PET. By Joanna H. Mathews. Published by Robert Carter & Bros., New York.

DOORS OUTWARD. By the author of the "Win and Wear" series. Published by Robert Carter & Bro's., New York.

These are good books for the Sunday School library—pleasant in style and generally free from cant.

THE UNITED STATES POSTAL GUIDE.

This neat pamphlet is from the Riverside Press of Messrs. Hurd & Houghton, and is an invaluable adjunct to the counting room, or the newspaper office. It is official, gives full details of all postal arrangements and a classified list of all the Postoffices in the Union. It is published quarterly at $1.50 per year—a mere bagatelle in price compared to its real value.

LITERARY NOTES.

THERE are 33,000 entries in Mrs. Furness's "Concordance to Shakespeare's Poems."

PROFESSOR HUXLEY'S address at the Priestley Centennial, from advanced sheets, will appear in the November number of the *Popular Science Monthly*.

A SPECIAL feature of the November number of *Lippincott's Magazine* will be an illustrated article descriptive of the brown stone quarries of New England.

"EVERY SATURDAY" says that the next (November) number of the *Atlantic* will contain a sketch of the late Professor Jeffries Wyman, by Dr. Oliver Wendell Holmes.

POLITICAL NOTES.

THREE weeks from yesterday the State and county elections in Pennsylvania take place.

WM. GRIFFITHS is the Workingmen's Independent candidate for Assembly in Lawrence county.

THE Democracy of the Seventh Senatorial district (Philadelphia) on Saturday nominated J. H. Meams.

GEORGE F. HOAR has been nominated for Congress by the Ninth Massachusetts District Republican Convention.

JOHN L. SEXTON is the Democratic and Liberal nominee for the Legislature in Tioga county, with not a glimmer of chance for election.

THE Democratic candidate for Congress in the Twenty-fourth Pennsylvania district, nominated a few days since, is G. W. Miller, Esq., an influential lawyer of Washington county.

A REVISED list of the members of the new Maine Legislature shows that the Senate contains 28 Republicans and 3 Democrats, and the House 93 Republicans, 51 Democrats, and 7 Independents. The Democrats have 10 members in the House and 2 in the Senate.

SENATOR BROWNLOW has withdrawn from the Congressional contest in the Second Tennessee District, because his candidacy gave the Democratic nominee a chance of election. One other of the Republican candidates having also withdrawn, the contest is now between Thornburgh, Rep., and Mabry, Dem.

PERSONAL.

THE cooks have a club and the President is named—Fry!

WESTON'S weakness is in the wrong place for a walkist—the legs.

THE latest intelligence about John Bunyan is that he was not a gypsy.

GEN. FRANK P. BLAIR is slowly recovering from his recent almost fatal illness.

EX-MAYOR MEDILL, of the Chicago *Tribune*, arrived in New York on Monday night from Europe.

MR. ELIHU B. WASHBURNE, the American Minister to France, has returned to his residence in Paris.

THE daughter of General Sherman will begin her career as a housekeeper with the outfit of "twenty-three dozen silver spoons."

IT is now charged that Prof. Tyndall plagiarized much of his Belfast address from Prof. Draper's work on "The Intellectual Development of Europe."

THE London *Post* learns that the pension granted to the father of Don Carlos by the Emperor Nicholas of Russia was stopped by the Emperor Alexander directly the present Don Carlos entered Spain as a Pretender.

THE Duke of Edinburgh recently made a state visit to Liverpool, where he laid the foundation stone of a new art gallery which is to be erected at the expense of Mr. Walker, the Mayor of the city, and which will cost $100,000. He was entertained at a banquet in the evening.

HON. GALUSHA A. GROW, formerly prominent member of Congress from Pennsylvania, and of late years a resident of Texas and president of the International and Great Northern Railroad Company of that State, has resigned his office, and is succeeded by Mr. John S. Kennedy.

THE tallest, shortest and stoutest members of the British Parliament are all Irish. Mr. O'Sullivan, the member from Limerick, is the tallest. Drogheda has sent the smallest man, Dr. O'Leary, and the most bulky is The O'Gorman, member for Waterford, who is said to be a stone heavier than the claimant was.

MAJOR M. D. DETRICH, of Governor Hartranft's staff, was buried at Greencastle, this State, on Saturday, with military honors. Among the distinguished persons present were Gens. Beath, Latta, and McCoy. The City Grays, of Harrisburg, and several lodges of the Knights of Pythias conducted the ceremonies.

A SISTER of Thomas Jefferson, author of the Declaration of Independence, is buried at Rocky Hills, two miles back of Birdsville, on the Ohio river, in Livingston county, Kentucky. She was the wife of Dr. Charles Lewis, who had the reputation of being a cruel man, and who was killed on the Illinois shore by a mob, after being arrested on a charge of murder.

IT is reported that the idea of referring the Schleswig difficulty to the arbitration of Queen Victoria is gaining ground in European diplomatic circles. One would certainly suppose that the Queen of England, whose eldest daughter is the Crown Princess of Germany, as wife of the Crown Prince, and whose favorite daughter-in-law is the beautiful Alexandra of Denmark, would hold the scales of justice fairly between the German and the Dane on the Schleswig or any other question.

THE REV. ADIRONDACKS MURRAY has resigned his pastoral charge in Boston for two very remarkable reasons. He wanted an assistant to preach part of his sermons for him and a bigger and handsomer church; but could not get them, and consequently he found that his usefulness was impaired. It is strange that a parson willing to bear so many hardships in the mountains should wish so much ease and luxury at home. Muscular clergymen should not demand such enervating opportunities as an assistant pastor and a new church would afford. In Mr. Murray's case it would certainly unfit him for camping out in the woods or fishing in the rain.—*N. Y. Herald.*

The Coal Trade.

The total of anthracite coal marketed for the week ending on the 3d instant amounted to 462,914 tons, and for the coal year 13,913,413 tons, against 15,133,442 tons to corresponding time last year, being a decrease of 1,220,129 tons. The bituminous tonnage for the week is 75,285 tons, and for the year 2,521,364 tons, against 2,452,465 tons to same time last year, giving a total of all kinds for the week of 538,199 tons, and for the year of 16,434,777 tons, against 17,585,807 tons to the same time last year, being a decrease of 1,151,130 tons. At Port Richmond for the week ending the 10th inst., the receipts of coal were 74,000 tons, the shipments 50,000 tons, leaving 80,000 tons on hand. The coal and coke tonnage of the Pennsylvania Railroad last week was 134,722 tons, and for the year 2,330,079. Of anthracite and bituminous there were 1,978,240 tons, and of coke 352,839 tons. This includes the tonnage of coal both east and west. Vessels during the past week have been in fair supply but freights are higher. We quote $1.35 to Providence, $1.60 to Boston, and 95 cents to New York. The coal production marketed the past week is something larger, and the tonnage of the Reading Railroad the largest of any week so far this year. Still the tonage for the year is over a million behind that of last year to the same time. Of this loss our table shows that 489,108 tons is by the Reading Railroad, 456,981 by the Delaware, Lackawana and Western, 426,173 by the Delaware and Hudson, 166,624 by the Lehigh Valley, 147,440 by the Central of New Jersey, 113,013 by the Huntingdon and Broad Top, 92,319 by the Schuylkill Navigation, and 63,337 by the Shamokin. The Chesapeake and Ohio Canal shows an increase of 55,333 tons, Clearfield, Penna., 48,661, the Pennsylvania Coal Company 45,236, and the Pennsylvania and New York Railroad 2,013 tons.—*Phila. Ledger.*

SOME weeks since, one Geo. W. Smith was kidnapped from Massue county, Illinois, where, it was alleged, an indictment for murder is pending against him. The attention of Governor Beveridge was called to the matter, and he demanded of Governor Brown, of Tennessee, the return of Smith and the arrest and delivery to the State authorities of the kidnappers, B. K. Ward and M. L. Williams.

"DO YOU KNOW why you are like the third term?" said Susan Jane to her brother, who lingered to talk with her Adolphus after the old folks had retired. "No, I don't." "Well," replied his saccharine sister, "It's because you're one too many."

ON Tuesday morning, the Variety Opera House in Baltimore burned, together with Gibson's carpet store and oyster house, adjoining. Loss over $100,000.

MUSICAL AND DRAMATIC NOTES.

THE operatic season has commenced at Lyons with "La Juive."

MISS ADELAIDE NEILSON, the actress, has arrived from Europe.

"ROBERT" is the favorite work this season at the Salle Ventadour, Paris.

MISS BATEMAN is playing "Mary Warner" at the Alexandra Theatre, London.

INDIANAPOLIS critics are in ecstasies over the Richelieu of Mr. Lawrence Barrett.

"DON JUAN XIV." is the title of a new opera by Lecocq, to be played in Paris shortly.

MRS. SCOTT-SIDDONS is to sail at once for this country, to fill reading engagements already made.

THE musical festival at Munich, week before last, had a chorus of more than five thousand voices.

LYDIA THOMPSON and the young American actor, Willie Edouin, have made an immense success in London.

WAGNER is furious because some of the artists engaged for the Baireuth festival will not sing without pay.

ADELINA PATTI received $750 for singing in three provincial concerts in England in the beginning of this month.

OLIVE LOGAN and her new plays have been no better received by the Chicago newspapers than by those of Philadelphia.

AN actress in California, a Miss Kinlin, lately married a professional named Wood, and her stage name is now hyphenated into M'me Kinlin-Wood.

JULIUS EICHBERG, of Boston, who composed "The Doctor of Alcantara" and "The Two Cadis," is at work on an opera to be called "The Mackerel Catcher."

MAGGIE MITCHELL is delighting the Yankees, among whom she is a great favorite. She has danced her "shoe-shoo" so often that she is becoming quite a veteran.

MR. CARL ROSA'S English Opera Company opened at Liverpool on the 21st of September with great success. Miss Hersee, though convalescent, is not yet able to sing.

MLLE. EMMA ALBANI is reported by cable to have sailed from Liverpool Saturday, by the Bothnia, of the Cunard line. Mlle. Albani was the brilliant feature of the musical festival just concluded in Liverpool.

POOR Macbeth was not the only person who has been disturbed by seeing men live after their brains were out. There is Sam Cary now—going around just the same as though he had 'em. Don't seem to miss them a bit.

MRS. HENRIETTA CHANFRAU, as the playbills now make her name, has been acting in Mr. McCullough's California Theatre, at San Francisco. Mr. McCullough commences an engagement at our Opera House this evening.

IT was a lady of fashion who sung, and a friendly critic said:—"You may say of Madame as they did of Alboni—that she has swallowed a nightingale." "Yes," was the answer; "but you must add that she has not digested it."

WE lately reported that Chignon was dead, and the Boston *Post* says it "don't believe it." Sorry, of course; but the *Post* should come on and go to the opera, and it would discover that the once mighty potentate no longer obstructs the view of the stage.

THE Nevada *News* says: "Actors in the Silver Dell Opera House don't much object to having rocks and things chucked at them, but when a Chinaman comes into the gallery and fires his pistol into the dragon in the pantomime it is time to get real mad."

WHILE dressing, Fanny Ellsler was subject to the deepest melancholy, which disappeared, as though by magic, at the sound of the music. When dancing, she was, as it were, electrified by feaverish delight, which sometimes became actually convulsive.

A MILWAUKEE critic, speaking of the vocalist of the Thomas orchestra, says: "Miss Cranch sings without labored effort, a fact as marked as the quality of her voice. To be able to look at a public singer without having one's pity aroused for the agonies which the face expresses, is a rare treat."

A MISHAP to Mrs. Scott Siddons is reported from Portsmouth, England. Not long ago, she was thrown from her horse, and injured her spine, and brandy and caustic were prescribed; but the maid removed the brandy in the glass on clearing the table, and the caustic was taken by mistake. She was forced to postpone an appearance at short notice.

A WRITER from Rome to the Philadelphia *Evening Bulletin* gives the salaries to be paid the singers engaged for the coming carnival: Prima donna, 45,000 francs; second prima donna, 36,000; third, 45,000; fourth, 9,000; fifth, 7,000; first tenor, 35,000; second, 31,000; third, 24,000. Baritones—first, 35,000; second, 16,000. Three bassos, 30,000 francs. Besides the salaries of orchestra, ballet dancers, etc. The opera in Rome is, therefore, a costly affair.

IT WAS reported on Saturday that Madam Victoria, the wire walker and velocipedist of Barnum's Hippodrome, had died from being poisoned by eating fruit cooked in a copper vessel. Upon investigation, the rumor was found to be without foundation. Our reporter learned that Madam Victoria had been poisoned in the way stated, as were also the rest of her family, but that on the recommendation of the doctor she was given a week's rest, and left last Wednesday night for Cincinnati, at which place she is expected to resume her perilous feats to-morrow.

THE New York *Star* says: "It seems that the outcry caused by the blood on Miss Clara Morris' mouth, during her death scene in 'The Sphinx,' is entirely unwarranted, as the blood was the result of an accident. The lady wears a locket-ring, which in her excitement, was opened, and on which she unconsciously cut her finger. When she raised her hand to her face she smeared her mouth and chin, which, added to the chalky froth, gave her about as repulsive an appearance as human malignity can conceive. She daubed McKee Rankin's cuffs and spoiled Miss Charlotte Thompson's $700 dress in the same way, and entirely without her knowledge."

Sure Preventive to the Freezing of Water Pipes and Accidents of Similar Nature to Water Closets.

We beg leave to offer to the public our
Patent Automatic Water Closet,
which is Anti-freezing and Inodorous. It is the most durable Closet in the market, for the following reasons: It will not freeze. It is strictly self-acting. It does not cause any re-acting and bursting of pipes. It is free from all obnoxious odors, and therefore will improve the sanitary condition of our cities. It has no valves to get out of repair and leak.
With our valuable improvement obnoxious cesspools in yards are dispensed with, as direct communication is made with the sewer pipe.
The public are invited to call at our salesroom, and examine this valuable improvement in operation, where its great advantages can be seen at a glance, or send for circular containing full particulars.

Latest Advices Concerning Money and Stock Matters.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, October 14, 1874.

There is little change in the current of financial affairs. There was, yesterday, rather more activity at the banks, and the demand was regarded as healthful, the response to the demands made being generous on the part of the banks. There was also a slight improvement perceptible in real estate, although it is evident that the cheapest transactions do not pass through the hands of brokers. Recently a number of properties in the city have been sold very low, but the sales were for cash, and were forced by the owners to meet demands that were maturing against them. In other directions there is little that is new to report.

The following stocks were sold last evening by A. McIlwaine, auctioneer, at his stoock sales room, 106 Smithfield street:

People's National Bank	$115 00
Second National Bank	115 00
Tradesmen's National Bank	115 50
Freehold Bank	65 25

—The foreign commerce at New York for last week was: General merchandise imports, including dry goods, $6,479,189; produce exports, $6,866,219; specie exports, $206,762. The total merchandise imports, including dry goods, since January 1 this year, are $316,052,261, against $323,191,839 last year and $349,929,297 in 1872. The total exports of produce since January 1 this year are $224,858,723, against $223,546,358 last year and $171,363,393 in 1872. The total exports of specie since January 1 are $43,554,607, against $45,050,862 last year and $59,233,037 in 1872.

—It is mentioned that the bond question in Georgia is likely to derive additional interest from the discovery that the constitutional amendment inhibiting payment of $8,000,000, left as a legacy by the Bullock administration, is full of flaws, and must be subject to further action by the new Democratic Legislature, which assembles in January next.

—The New York *Tribune* which generally looks on the dark side, says of last week's business in New York: The general trade of the city has given no indications of improvement during the week, but, on the contrary, in consequence of recent failures and fears of other suspensions yet to come, business has been more unsettled and less promising than during last week. The latest failure which has been made public is that of the well-known firm of L. Roberts & Co., commission merchants in grain and flour. It is to be hoped that fears of further financial disaster among the mercantile community may prove to be only fears. The apprehensions of further disaster have for their basis the fact of the heavy decline in the value of nearly or quite all kinds of merchandise, coupled with the other fact that of the immense amount of extended paper put out at the breaking out of the panic, a considerable proportion is about falling due.

Of the stock market it says: A dispassionate review of the course of the stock market for the week is suggestive of the slight fabric upon which operators had been building for the past month; and it should teach the lesson that cheap and abundant money, when caused by general depression in mercantile circles and an unwillingness of capital to engage in legitimate enterprises, is not of itself a sound basis for an advance in securities, excepting those of undoubted dividend paying ability. The general stock market opened on Monday at about the closing prices of the previous week, and declined with the declining day, to open on Tuesday with a panicky feeling, which continued for the greater part of the day, but was checked, and the market was rallied toward the close by purchase on the part of those who had the courage to sell the market the week before, when it was strong and advancing. Wednesday witnessed a still further recovery; but it was attended by a feverish and unsettled feeling that indicated weakness at each ½ per cent. advance, the market closing, with the exception of Erie, at about the highest figures of the day. Thursday, with comparatively light transactions, it was apparent that prices were sustained more by show of anxiety to buy than by real buying, and after 2 o'clock it gave way from apparently no other cause than sheer exhaustion, closing at the lowest points of the day. Friday brought with its opening a steadier feeling, and for a short time a fractional advance was sustained, only to be followed by a break later in the day, leaving the market at the close not far from the figures of Tuesday night for the general list.

—The English accountants appointed to investigate the affairs of the New York and Erie Railway report, as summarized by cable, a net deficit on September 30, 1873, of $2,331,392.

—On Friday a sale by the syndicate to the New York Bank of Commerce of $2,000,000 of the new five per cent. U. S. bonds was completed.

—The financial advices from London report consols firmer, United States bonds steady, and Erie weak, on contents of the report of the expert accountants.

NEW YORK, October 13, 1874.

Money 2@3; prime mercantile paper 6@7 for four months, and 5½@6 for short dates. Sterling was firmer at 484 for sixty days and 487 for sight. The customs receipts were $330,000. The exports of produce for the week were $5,240,286, a decrease from last week of $1,625,933. Gold opened at 109 7-8, and closed at 110. The carrying and borrowing rates were 1 per cent. Loans were also made flat. The Assistant Treasurer disbursed $21,000. The clearings were $16,000,000. Governments were firm. State bonds were quiet. Railroad bonds were quiet and firm. Stocks opened firm; later became weak and declined ¼ to 1 3-4 on sensational rumors about the syndicate, to the effect that they had decided not to take any more bonds than they had originally subscribed for. The rumors proved to be without foundation, and prices recovered ¼ to 1 3-4 from the lowest point. The features were Union Pacific, Erie, Lake Shore, Western Union, Pacific Mail, Wabash and Ohios.

At the meeting of the creditors of the firm of S. Kaufman & Co. to-day, a statement was submitted showing their liabilities to be $1,000,000, and the assets $500,000. There is some talk of the estate being thrown into bankruptcy.

The receiver of the Bank of the Commonwealth expects to declare a final dividend of 20 per cent. to depositors within thirty days.

The stock sales to-day were 180,000 shares, of which 31,000 were Western Union, 22,000 Pacific Mail, 30,000 Erie, 28,000 Lake Shore, 24,000 Union Pacific, 80,000 Northwest common, 9,000 Wabash, and 5,000 Ohios.

COMMERCIAL.

Condition of the Markets at Home and Abroad.

PITTSBURGH DAILY MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
TUESDAY, Oct. 13, 1874.

There is nothing particularly new or important in commercial matters worthy of special notice; trade, while it is not to say active, is in a healthy condition, and notwithstanding the demand for everything is restricted to supplying immediate wants, the aggregate business is not so much behind what it usually is at this season of the year. In regard to values, there have been no important changes worthy of special notice; as noted in our last review, both Sugars and Caffees are weaker; while Flour, Grain, Provisions and produce generally continue quiet and unchanged. Our merchants generally are making no effort to push business by an expansion of credits; almost any of them could increase their sales considerably if they were willing to sell to long-winded buyers, but they have learnt that their goods are better property than promises to pay, especially in these days of fine margins.

APPLES—Are coming in more freely, and the supply has commenced to accumulate; the market is weaker, although prices remain unchanged—$1.50@— ₱ bbl for fair to prime and $2.50 for choice.

APPLE BUTTER—Is coming forward now, but it is not very brisk of sale; may be quoted at 60@65c ₱ gallon in kegs.

BUTTER—There is a continued good demand and we can report regular sales at 33@35 for prime to choice roll, and solid packed is quotable at 30@33.

BEANS—Are quiet and unchanged at $2@2.25 ₱ bushel for fair to good mediums, and $2.40@2.50 for prime navies.

CHEESE—The New York market is reported easier, in consequence of the refusal of exporters to pay current prices, hence the feeling here is scarcely as stiff as it was last week. We continue former quotations:15½@16 for Ohio Factory and 16½@17 for New York.

CHESTNUTS—The supply was light to-day, and prices are a shade better; quotable at $4.50@$5 ₱ bushel.

CRANBERRIES—Quotable at $10@12 ₱ bbl for Jerseys, and $15 ₱ bbl for Sackett's.

EGGS—The supply appears to be accumulating, somewhat, and the market is weaker; sales at 23@24 cents.

FLOUR—Quiet and unchanged. Spring wheat flours, $6@6.50 for Wisconsins; and $6.75@7 for Minnesotas; winter wheats, $6@6.50 for red and $7@7.50 for white, the outside figure for fancy brands. Rye Flour, $5.75.

GROCERIES—The demand for all the leading staples continues light, and trade is dull, but while both Sugars and Coffees are weaker, there has been no quotable change in prices. The demand for Sugars has dropped off considerably within the last week or two, which may be attributed to the fact that the fruit season is about over.

GRAIN—Trade in grain circles has quieted down somewhat, although there is, nevertheless, a very fair business in the aggregate. Wheat is a little more inquired for, but prices are no better; Penna and Ohio red, $1.12@1.15; and amber and white, $1.18@1.20. The Oat market is less active, but unchanged—may be fairly quoted at 59 to 62 for mixed to prime white—it is claimed that the latter cannot be laid down here from the west under 62@62½. New Ear Corn continues very dull, with holders anxious to realize and but few buyers; quotable at 60 to 65, the latter rate for 75 lbs to the bushel. Old Shelled is still quotable at 90@92, most of the sales at 90@91. Rye is quiet and nominal at $1@1.05. Spring Barley is firmer in the west, and strictly No 2 Chicago could not be sold here below $1.25.

HAY—Baled continues to come in freely, and the market is dull, with the supply accumulating although prices remain about as last quoted, ranging from $18 to 22 per ton, as to condition and quality.

ONIONS—$3@4 ₱ bbl.

POTATOES—The market is steady, with sales at 90@95 by the car load, on track, although the latter is an outside price. Sweets fairly quotable at $3.50 ₱ bbls for Baltimores, and $4½ for Jerseys.

PROVISIONS—There is a fair jobbing trade, and our market is steady at quotations: Hams, Extra Sugar Cured, plain, 15c; Shoulders, Extra Sugar Cured, 12; Breakfast Bacon, 16c; Dried Beef, Extra Sugar Cured, 15c; Beef Tongues, ₱ doz, $7½c. Bacon Shoulders, 10¾; Rib Sides, 15; Short Rib Sides, 15½; Clear Sides, 16; Mess Pork, ₱ bbl, $25.00, Lard—Prime Leaf, in tierces, ₱ lb, 15; Refined for Summer use, in tierces, 15¾; in half barrels, 16¼; in bk'ts, 16¾, in 3 lb caddies, 17½; in 5 lb do., 17¼; in 3 lb pails, 18; in 5 lb do., 17¾; in 6 lb do., 17½. Ham Sausage, 10.

POULTRY—Live chickens quotable at 50@60c ₱ pair, by the coop.

TALLOW—Country, 6@6½; city, 8@8½.

SEEDS—Timothy Seed is almost out of season; quotable at $2.75@3 ₱ bushel.

PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
TUESDAY, Oct. 13, 1874.

The Crude market continues dull and weak, and prices are slowly but steadily declining; immediate shipment was quoted to-day at 92½@95 ₱ bbl. Refined was reported a shade firmer, but there was no improvement in prices; 11⅝ for prompt and 11¾ for latter part of the month, delivered in Philadelphia. The general position of the market is more unsatisfactory now than it has been at any time this year, so far as Philadelphia delivery, via the Pennsylvania Railroad, is concerned, as, in addition to the raw article being higher relatively than the product, the cost of transportation has been considerably increased; the difference in this alone is said to be almost two cents ₱ gallon. However, what little oil has been sold recently by Pittsburgh refiners goes to Baltimore, via the Connellsville Railroad, and the indications are that as soon as pipe-line, connecting the refineries with the road in question, is completed, that the bulk of the oil shipped from here to the seaboard will go by this route, because the cost of transportation is so much cheaper.

The Barrel trade continues quiet and unchanged; $1.30 for countries, and $1.45 for citys.

New York Breadstuffs Market--Weekly Review.

NEW YORK, Oct. 12.—We left our Wheat market this day week quite dull and tame; shippers under favorable advices from Great Britain and reduced limits to their orders held off, and this, coupled with the much larger receipts at Chicago and Milwaukee, gave buyers a marked advantage, and the speculative feeling that was developed a fortnight since has entirely subsided, and we have had quite a reaction, though the moderate arrivals here, especially of good No. 2 Spring, have enabled holders to better sustain the value of this description. Ordinary Spring has rapidly declined, and is not salable. The quality of the Spring Wheat offered thus far has been quite a disappointment to the trade, but we are informed by the Western dealers that hereafter the quality will prove better. The export demand has been more general, though the volume of business has thus far proved to be much below that of last year. It is the general impression that we have but one good market for our surplus wheat. This is a great mistake. We have had the past month a fair Continental trade, and some 300,000 bu. have been taken for ports there; at the current rates of freight and low prices which now prevail this demand is likely to continue. Our advices from France are quite conflicting. An intelligent correspondent expresses the opinion that the surplus of France has been overestimated, and that they have but a fair average. From Hungary we learn from *The Official Gazette*, that published the official report of the crop early in September, that the harvest there was only a good average, and that the report published by the Austrian Government at Vienna, early in August, was incorrect! The report, as then given, covered only 31 comitats or divisions, while a completer report, as now given, cover 48 comitats—nearly the whole Kingdom—where grain is cultivated to any extent, and instead of a large surplus, it will prove only a moderate one. It is well known that the crops in Austria are moderate, and that the exports from Ibralia and Galatz will be only fair. Thus far the number of vessels laden with wheat that have passed the Straits of Dardanelles is small, much less than last season. From San Francisco we learn the exports since the first of September have been large; of late they have rapidly increased, the movement is almost entirely confined to the Grangers. Elsewhere we give the exports from that port since the 21st of September, so far as advised. They have had a fair business with foreign ports other than those of Great Britain. Moderate shipments are noted to ports on the Continent of Europe. Liberal shipments have been made to African ports of both wheat and flour, and since the 20th of September they have had quite a brisk demand for Wheat for Australia, where the crop is very short. Their trade with China is increasing, more especially in Flour, so that their surplus for Europe will fall below our early estimates. The movement in Wheat at the West, more especially at the upper lake ports, has increased considerably since our last, but we find the stocks at Chicago and Milwaukee together are 635,000 bush. less than at the corresponding date last year. The supply of Wheat in sight is now 9,538,640 bushels, against 9,874,670 bush. the corresponding time last year. The exports of the week are 592,367 bushels, against 1,379,600 bush. the corresponding time last year. In Western Wheat we have had to note much steadiness, and only a moderate degree of activity; the supply is fair.

The features of our Flour market the past week have proved very unsatisfactory to receivers; the demand has been largely from the home trade, though we have had a fair Provincial and moderate export demand, but at gradually yielding prices. All kinds have declined, with the exception of old Fancy Minnesota, which is very scarce and much wanted by our bakers, as the new to hand from that State is too soft for immediate use. The domestic trade has proved larger than last year, doubtless owing to the much lower prices current and the superior quality of the Flour and the satisfaction it gives. New arrivals have been liberal, and yet it is very plain to all familiar with the trade that the production of medium and choice brands is considerably in excess of the consumption and wants of the West India and South American trade, and we have added somewhat to our stock and find it ample of Winter Wheat and Medium Spring Wheat Extras; the receipts of Shipping Extras have been more liberal, but our stock of these has not increased materially, holders meeting the demand for them promptly at a further concession rather than place them in store; the demand for good Amber Wheat Extras, valued at $5.65@5.80, for export to Liverpool and London, we are pleased to note, still continues, and we feel confident of a large and growing trade in it as the season advances; Good and Choice Family brands have sold more freely, but at lower figures; City Ground has been in fair demand for the West Indies at a further decline. "New Patent Process" is plenty, with the exception of the old favorite brands; these sell steadily at hardening figures and are extremely popular with those who know how to handle them; No 2 and Superfine are more plenty, have sold slowly and are lower; the exports of the week are 29,995 bbls. against 27,084 bbls. the same time last year.—*Tribune.*

New York Wool Market.

NEW YORK, Oct. 12—There has been some irregularity in the nature of weakness developed in the wool market for the past week. Some holders have been anxious to close undesirable lots, and to do so have made concessions which they have heretofore refused. The new crops of California wools have been urged upon the market, and at somewhat lower prices. Many foreign woollen goods are being sold at a sacrifice, and this fact interferes with the trade in domestic woollen fabrics. Sales have been: Of foreign—128 bales Australian at 53 cents, 24 bales Cape at 36½c, 38 bags Scoured Montevideo at 82c, and 25,060 lb New Zealand at a private price. Of Texas there is little remaining unsold, and we have only to note sales of 18,000 lb, part at 24 cents for inferior. Of California 180 bales fall lambs at 22¾, 180 bales new fall at 25½c and 27½c, 1 bale Black at 30c, 5,000 lb Pulled at 36½c; 110,000 lb Spring at 31@34c; 95,000 lb do, and 14 bags Scoured do, on private terms. Of domestic fleeces 5,000 lb fine combing at 63c; 5,000 lb do. washed at 50c; 10,000 lb do. unwashed at 36c; 24,000 lb medium do. at 40@42½c; 6,000 lb Southern at 37½c; 8,000 lb tubwashed at 58@60c; 4,000 lb medium scoured at 62½c; and 17,000 lb do. Unwashed Western and 20,000 lb X and XX Ohio, private; 15,000 lb X and XX Ohio at 55@56c; 7,000 lb unmerchantable at 42½c; 7,000 lb combing and delaine 57½@60c; 3,000 lb black at 43 cents; and of pulled 6,500 lb black, part at 30c; 10,000 lb super lambs at 48c; 25 bales city super at 48c, and 395 bags X and super, private.—*World.*

Philadelphia Cattle Market.

PHILADELPHIA, Oct. 12.—The Cattle market was dull this week, but prices were without material change. 3,600 head arrived and sold at 6¾@7¼c for extra Pennsylvania and Western steers; 5½@6½c for fair to good, and 4@5c ₱ lb gross, for common, as to quality.

Sheep were unchanged: 12,000 head arrived and sold at 4¾@6c ₱ lb gross, as to condition.

Hogs were lower; 6,000 head sold at $10@10.50 ₱ 100 lbs net.

Exports From New York.

GEORGE H. ROHE,
Sergeant, Signal Service, U. S. A.

The stage of water last evening, according to the marks, was 29 inches. Cloudy and cold, with wind from the west; prospects for rain and a rise less favorable than last week.

Capt. J W Vandergrift started down to Freedom yesterday to bring up the Messenger.

Capt. R. C. Gray arrived from St. Louis on Monday evening, and Com. W. J. Kountz departed for Bismarck yesterday.

The statement going the rounds that a party in New York was proceeding against Captain John S. McMillan for an infringement of patent steam capstan, is incorrect. The statement originated in the fact that Capt. Copeland, of New York, has brought suit against the Monongahela Incline Railway Co., of which Capt. McMillan is a director, for an infringement of a patent safety rope, attached to the incline cars, and the steam capstan has nothing whatever to do with the matter. We make this correction in justice to all parties concerned.

Mr. John Evans, connected with the boat store of Evans Dallas & Gilmore, has gone to North Carolina on a visit.

—Yesterday's Cincinnati *Gazette* says:—Captains Ike Kouns and Mark Kouns will bring their new boat, now nearly completed at Guyandotte, down this week to receive her machinery. She is being built for Red River. Her dimensions are as follows: Length, hull measure, 165 feet; 33 feet beam; 34 feet floor; 3½ feet clear in hold. Her engines will have 14-inch cylinders, 5 feet stroke, with two new boilers, 24 feet long and 40 inches in diameter. Carrying capacity, 1,600 bales; will carry 1,000 bales on 30 inches.——The St. Louis Boatmen's Association has elected the following directors and officers: Geo. H. Rea, W. F. Davidson, E. W. Gould, George Pegram, John A. Scudder, Wm. J. Kountz and John N. Bofinger. George H. Rea was made President, W. F. Davidson, Vice President, and Green F. Shields Secretary. The regular election for these officers will take place in November.

—The Cincinnati *Commercial* of Tuesday says:—The Cincinnati and Memphis packets have appointed Captain Richard G. Lightburne agent for the line at Memphis, and Captain B. C. Levi the agent at Louisville. They are both well known in the trade.——Captain F. P. Batchelor's packet, Mollie Ebert, departs for Pomeroy to-day. The Captain's family will be pretty well scattered. His daughter, Mrs. Dr. Harvey, is in Portland, Maine; Miss Stella Batchelor is a pupil in the Female Academy, in Manchester, New Hampshire; and to-day Mrs. Captain Batchelor and Master Frank Y., Jr., depart for San Francisco, California, where they will spend the winter.——Captain Jno. K. Booth yesterday took command of the Jno. W. Garrett and barges, and he will depart for Wheeling and Steubenville with the tow of ore as soon as the water will permit. Captain Booth informs us that the Garrett will ply between Cincinnati and New Orleans during the coming season as heretofore. Shippers will give Captain Booth a cordial reception in his old trade.

—The Evansville *Journal*, of Saturday, says: "From a private letter to a gentleman in this city, from a friend in Galveston, Texas, we learn that there is great dissatisfaction with the Wharf Company at that port—a monopoly who are preying upon the marine interests of Galveston and destroying trade by their oppressive rules and extortionate charges. Capt. Morgan, of the famous Morgan Line, became disgusted, and has determined to spend $6,000,000 in dredging out Buffalo Bayou, so as to give his line of steamers a direct approach to Galveston, independent of the Wharf Company. Movements, too, are being inaugurated that will, it is expected, compel the Wharf Company to sell out."

—The Davenport *Gazette* says: Now that three steamboats have been hauled off the Upper Mississippi trade, great increase of freight for shipment down river is visible in the Northern Line storehouse. Yesterday the Red Wing took on as much freight as she wanted, and plenty was left for the next steamer. Barley and potatoes combined the bulk of the freight offered.

—The question now asked is this: "Does the resolution of the new convention to confine steamers to their legitimate trades and rivers, mean that boats running between two points shall not take freight that is to be re-shipped to some point farther on?" The Evansville and Cairo packets are anxious to have this point settled, as nearly all the freight they bring is for points south.

—Saturday's St. Louis *Democrat* says: "It is pleasant to contemplate the fact that a stop is to be put to the 'cut-throat' policy in the carrying trade practised for the last three years. Agents will hereafter be guided entirely in their freight operations by a controlling Committee, who will see that the steamboat owners' interests will be looked to."

—Walker, of Cairo, writes: A silver pitcher and sugar-bowl, taken from the steamer Mary E. Forsyth two years ago, were found the other day in the possession of a colored lady in this city by our police officers. What is the use of "raking up old sores" this way?

—The New Orleans *Times* remarks: Work on numerous boats which are to be introduced into the Red River, Ouachita and other trades is being vigorously pushed forward, and in a month there will be afloat double the tonnage necessary to move the freight of the season.

—Vicksburg *Herald*, 7th: Business is picking up considerably, and cotton is going forward quite rapidly. The Natchez took away over 1,600 bales yesterday, and the Pargoud went down with over 2,000 bales.

—The Esperanza left Cincinnati with all the freight she wanted for New Orleans, and the Arlington for Memphis had about 230 tons of freight and 25 cabin passengers.

—Capt. Frank Bedard has commenced operations on the Cumberland dam again.

HOME NEWS.

The All Day Prayer Meeting.

The all day Temperance Prayer Meeting was held at Crusade Hall, Allegheny, yesterday in accordance with the programme published in the GAZETTE. The attendance at all the services was large, and the meeting was generally looked upon as a very successful one. In the evening a grand mass meeting formed a fitting supplement to the days.

Hymeneal.

At half-past eight o'clock last evening Mr. James W. Davitt, Cashier of the Central Bank, on Fifth avenue, was married to Miss Maggie L. Anshutz, daughter of A. P. Anshutz, Esq. The ceremony was performed in Trinity Church, on Sixth avenue, and was witnessed by a very large number of invited guests, the sacred edifice being almost filled. Mr. James Bovard, of Bovard, Rose & Co., officiated as groomsman and a sister of the bride acted as bridesmaid.

Petroleum Exports.

From Piton's circular of October 6, is deduced the following: The exports for the week ending October 5, 1874, from New York and Philadelphia were in crude equivalent. 172,411 barrels, or, 24,630 barrels, average per day. The capacity of vessels chartered to load amounted to 242,511 barrels crude equivalent. The exports up to October 5 were in crude equivalent 5,340,439 barrels or an average of 19,600 barrels a day. The exports as a whole this year were larger than those last year by nearly a thousand barrels a day.

An Attempted Outrage.

Yesterday a woman named Mrs. Margaret Rihm, who resides near Millvale, made information before Alderman Bolster charging a man named Dotey, with assault and battery with intent to commit a rape. She alleged that she had to go to the drug store in Pittsburgh on Saturday evening to get some medicine for her brother, who was sick, and as she was returning home Dotey followed her, and at a deserted place, attacked her and attempted to commit an outrage upon her, but she resisted and screamed for help until he became frightened and left her. A warrant was issued.

Wills Filed.

The will of John Simpson was filed with Register Gray yesterday. Decedent directs that after the payment of his debts the personal property be divided equally between his two sons, James Simpson and William K. Simpson, and his two daughters, Sarah A. Simpson and Matilda Simpson. Of his real estate, one fifth is to be given to Robert Simpson, who is directed to sell the property; one-fifth to William Simpson, one-fifth to Sarah A. Simpson, and one-fifth to Matilda Simpson. James and William Simpson are appointed executors.

The will of George T. McCartney was also admitted to probate yesterday. He bequeaths all his property to his wife, Mary McCartney, and appoints her sole executrix.

Meeting of the Prison Society Yesterday.

At a meeting of the Allegheny county Prison Society yesterday, held in the parlor of the Young Men's Home on Duquesne Way, Messrs. Arbuthnot, Miller, Carlisle, Cabe, Carr, Dermitt and Taylor were present, and Mr. J. L. Milligan presided.

A report was received from the Treasurer, Mr. Carlisle, showing the amount of funds on hand to be $525. He also reported as having paid considerable money out for the relief of prisoners' families.

Mr. Van Gorder, the agent for the transportation of prisoners, reported the sum of twenty-seven dollars to have been expended since the last meeting.

After the transaction of some business of minor importance the society adjourned.

Yesterday Evening's Fires.

Shortly before six o'clock yesterday evening a fire broke out in a frame building on Smithfield street, immediately opposite Municipal Hall. The big bell gave ten strokes, and in a remarkably short time the engines were on hand and primed, ready for duty, but their services were not needed. The fire was an insignificant one, and was extinguished before much damage was done.

About a quarter past six o'clock another alarm was sounded from box 52, and this time the fire was at the grocery store of Louis F. Weifand, on Fifth avenue extension, between Pride and Pine streets. There was a large fire in the stove, and it is thought the rafters in the third story were ignited by the great heat. Almost as much damage was done by water as by the flames. The loss will amount to about $500.

A House Searched for Stolen Goods.

Yesterday morning an information was made before Alderman Donley, of the South Side, against two members of the Darling family, charging them with the larceny of two table cloths, nine pillow cases and two white sheets. A search warrant was issued, which however, did not bring the goods to light, but the following articles were found, which the Alderman thought looked a little suspicious: Three remnants, about thirty yards of black velvet, ten yards of yellow, spotted calico, one large bowie knife, two or three large white counterpanes, one piece of cloth, one dozen spools of green silk, one-half dozen silver spoons in the original package, and a dozen and a-half which had been used. One of the latter was engraved "Loomis, A. Y." He also found a morocco silk-lined case containing a silver cream spoon, sugar box and pie knife, upon which there were no initials.

The goods mentioned above are now at Alderman Donley's office, in the Twenty-fourth ward, where they can be examined. The parties were arrested and held to bail for a hearing.

Pardoned Out.

Yesterday morning a young German, named David G. Sill, was released from the Western Penitentiary upon a pardon signed by the Governor. He was sent there several months ago for a crime which subsequent developments proved he had never committed. A German woman whom he had become acquainted with on his voyage over, represented that her brother at St. Louis could furnish him with employment. He started for that city with her, but at Meadville the woman raised a cry in the car that she had been robbed, and charged Sill with the crime. She professed to have lost $333, and $397 were found in Sill's pocket book. He was arrested, tried, convicted and sentenced to the Penitentiary for one year. He afterwards remembered that he had counted his money in the presence of the woman, and had thus given her the clue to setting up the job on him.

While in the jail at Meadville he made the acquaintance of a German who interested himself in his behalf, wrote to his friends in Germany, gathered all the facts in the case, and then laid the information before the Board of Pardons, which resulted in Sill's release. He had been in the Penitentiary for several months.

Resolutions of Respect.

OFFICE OF THE ALLEGHENY CAR AND TRANSPORTATION CO.,
PITTSBURGH, October 13, 1874.

At a special meeting of the Board of Directors of the Allegheny Car and Transportation Company, held at the office of the Company, No. 369 Liberty street, on the 13th day of October, 1874, the following resolutions were unanimously adopted, viz.:

Resolved, That this Board, of which Samuel M. Kier had been a member from the date of the organization of this Company, having learned with feelings of unfeigned sorrow of his recent death, it is due to the memory of our late associate that a fitting expression of his character and worth be entered on record on our minutes.

Resolved, That, whilst bowing submissively to this dispensation of an all-wise Providence, we deeply lament the death of Samuel M. Kier, as depriving this Board of a prudent counsellor, our company of an earnest friend, society of one of its most highly esteemed members in every social relation, this community of one of its most generous and public-spirited citizens, and his family of a kind husband and indulgent father.

Resolved, That a copy of these resolutions, with the seal of the company attached, be presented to the family of our deceased friend as indicative of our heart-felt sympathy in their great sorrow.

From the minutes.

JNO. B. STEWART,
Secretary of Board.

THE LATE "MILL."

Certain Pilots Coming to Time—The "L. C. McCormick" Case.

The prosecution of the owners of the steamer "Coal Bluff" against whom suit was brought for towing a barge load of sports to the late "Mill," between Edwards and Collier, has been discontinued, the defendants having confessed judgment and paid a penalty of $200 for having committed the offense.

The case of the steamer "L. C. McCormick" will come up for hearing in the U. S. Court in a few days.

Should the penalty of this unfortunate steamer, incurred in that trip, be paid to the full, the bill will amount to fully $6,500.

Over twenty witnesses have been subpœned, and no doubt much interest will be felt as to the final result.

ALLEGED EMBEZZLEMENT.

A Connellsville Insurance Agent Arrested.

If the statements made by Mr. E. V. Goodchild, of Connellsville, are correct, Mr. Herman Fields has been acting somewhat suspiciously, if not criminally in that town. Yesterday, before Alderman McMasters Mr. Goodchild made an information against Field, charging him with the embezzlement of $100. It appears that the accused is an insurance agent and that he has been receiving premiums from policy holders and omitting to send the money thus collected to the company he represents. A warrant for the arrest of Fields was placed in the hands of officer Huffmyer, who found the accused yesterday afternoon sitting in a drinking saloon in the neighborhood of the Union Depot. He arrested him and took him before the 'Squire, who committed him to jail to await a hearing in default of $1000 bail.

CENTRAL BOARD OF EDUCATION.

Regular Meeting Yesterday Afternoon—The Salary Withheld From Principals on Account of Text Books—Action of the Board Reconsidered—Reports of Committees and Officers.

A regular monthly meeting of the Central Board of Education was held yesterday afternoon at the rooms on Fourth avenue. The following members were present at roll call: Messrs. Jacob Ahl, William C. Aughenbaugh, Joseph F. Caldwell, Frank P. Case, T. J. Craig, Harrison Estep, Charles Evans, Lewis J. Fleming, Samuel H. French, Samuel Harper, Charles A. Kehew, T. C. Lazear, Chas. W. Lewis, H. Lee Mason, James M. McEwen, Alexander Pitcairn, Gustavus Praetsch, Martin W. Rankin, C. J. Schultz, Thomas W. Shaw, David Sims, John L. Vaughan, John Wilkinson, John Wilson, and President J. H. Nobbs.

Communications being called for, the following from the Board of the Allen sub-district was read, received and filed.

THE SALARY WITHHELD FROM PRINCIPALS.

Gentlemen of the Central Board;

The undersigned, School Directors of the Allen sub-district, do very respectfully represent that, as we are informed, the salary of our principal teacher has been withheld by action of the Central Board, as it is alleged, because the district has in use school text books not authorized by that body. We were not aware until recently that any objections would be made to the books in use in our school. They were adopted by this Board before the consolidation of the South Side with the city, and according to law they must be retained in use for three years, which time has not yet expired. The pupils have purchased books for the year and to require them to purchase a second supply, which will be necessary if the action of the Central Board be carried out, would be a gross outrage, especially in view of the fact that most of the parents are working people, and many of them have been for a long time out of employment, and that the text books required to be put in are greatly inferior to those now in use, and on this account will not probably be retained longer than the end of this school year, at which time another change will be made, making two changes in one year, and thus causing an enormous and useless expense to the parents.

We therefore very respectfully and very earnestly remonstrate against the action of the Central Board which requires us to make a change of text books at this time, and we hereby instruct our delegate to the Central Board to use his influence and vote to have repealed the resolution requiring such change.

W. C. BURTT,
and other directors.

Communications of a character similar to the above were read from the school boards of Birmingham and the Twenty-ninth ward. They were received and filed.

A LADY'S PETITION.

A petition was read from Miss S. P. Newell, of Allegheny city, asking the Board to take into consideration the matter of her claim against the local board of the Wilkins district. The amount of the claim is $22.50 for extra services rendered under special contract during the month of June. The young lady avers that she was defrauded out of that sum by the neglect of the Secretary in preparing his report, and that the board has not only treated her with contempt, but has been deaf to all appeals. On motion of Mr. Pitcairn, the communication was referred to the Wilkins District School Board.

CITY SUPERINTENDENT'S REPORT.

To the Central Board of Education:

Gentlemen — The following statement showing the number of teachers employed and the enrollment and attendance of pupils in the city schools, for the month of September, is respectfully submitted:

NUMBER OF TEACHERS.

	Males.	Females.	Total.
Primary dep't		163	163
Medium "	1	84	85
Grammar "	37	73	110
High School "	11	6	17

	7,924	8,159	16,083	6,715	6,899	13,614

This is an increase of 1,276 on the enrollment and 1,295 on the average attendance for the corresponding month of last year.

EVENING SCHOOLS.

Teachers employed 67. Males 27; females 40. The enrollment of pupils is as follows: Males 2,458; females 362; total 2,820, and the attendance as follows: Males 1,668; females 252; total 1,920.

MISCELLANEOUS STATISTICS.

Highest per cent. of attendance in one room	100
Number of pupils not absent during the month	5,523
Number of directors' visits	661
" visits by parents and others	955
" rooms visited by Sup't	10
" corporal punishments	305

EVENING MECHANICAL SCHOOLS.

Three of these schools were opened on the 21st of the month with an enrollment of 215, divided as follows: Humboldt 81, Ralston, 61, Lawrence 73. Most of the pupils who were in attendance last year are again present this term. The several local boards of the district in which the schools are in operation have consented to pay all the incidental expenses incurred in opening and carrying on the schools during the present winter. No school has been opened in the East End owing to the prevailing opinion that a sufficient number of pupils could not be obtained in that section of the city to justify the experiment.

GEO. J. LUCKEY,
City Superintendent.

The report was received and filed.

Secretary Kehew reported that since the last meeting warrants had been drawn amounting to $24,665.10. Received and filed.

FINANCIAL.

Mr. Rankin, from the Finance Committee, submitted the following financial statement:

Balance on hand, Sept. 8, 1874	$198,396 94	
Draft on German Am. Bk.	12,900 00	
Non resident pupils	500 00	
		$211,796 94
Warrants paid	$ 23,680 88	
Bonds and interest	25,750 00	
Coupons	1,155 00	50,585 88
Balance due Oct. 13, 1874		$161,211 06

A number of bills were recommended for payment. The report was received and filed and warrants ordered to be drawn for the amount of the bills.

THE HIGH SCHOOL.

Professor B. C. Jillson, Principal of the High School, reported that during the month of September the enrollment, attendance, &c., of pupils was as follows:

	Males.	Females.	Total.
Enrollment	224	208	432
Average	211	194	405
Per cent	94	93	94

A comparison of the above with the report of the same institution for the month of September, 1873, shows an increase of eighty pupils. Of the pupils who were permitted a re-examination by the Board, the holders of the following card numbers having obtained the required per cent., are recommended for admission, viz.: Nos. 23, 33, 46, 54, 65, 72, 73, 82, 84, 85, 86, 120, 122, 125, 206, 239, 224, 252, 261, 304 and 311. Twenty-six applicants who have given satisfactory reasons for their non-appearance at the June examination were examined, and sixteen having obtained the required per cent are recommended for admission, viz.: For the Academical department Nos. 323, 328 and 339. For the commercial department Nos. 324, 325, 326, 330, 331, 332, 334, 338, 340, 342, 344, 345 and 346. A number of donations to the cabinet of the school were also acknowledged.

The report was received and filed and on motion of Mr. Harper, the Secretary was instructed to acknowledge in writing the receipt of the various specimens of natural curiosities.

A number of bills returned by the High School Committee with a favorable recommendation were ordered to be paid.

TEACHERS AND SALARIES.

Mr. Pitcairn presented the report of the Committee on Teachers and Salaries, stating that one additional teacher had been granted to the Wilkins, Minersville and Lincoln sub-districts. Additional teachers were also recommended to be granted to the following districts: One each to Wilkins, Moorhead, Oakland, Grant, Lincoln, Hiland and two to Mt. Washington. The following resolution accompanied the report:

Resolved, That the directors of any sub-district may appoint a special teacher of penmanship and drawing for their schools, and such teacher shall be paid the salary of a grammar school teacher, and shall be counted as one of the primary teachers allowed to such sub-district.

The report was received and its recommendations and the resolution accompanying it were adopted.

A REQUEST REFUSED.

Mr. McEwen, from the Eleventh ward, stated that his Board had elected Miss Beggs to the Assistant Principalship of their schools, and he asked the Central Board to depart from an established rule and allow her a salary of $65 per month, the pay of the highest grammer teacher. He said that she had had nine years' experience as a teacher in Curry Institute, but that her experience in teaching in the public schools was not sufficient to entitle her to the salary referred to. Mr. McEwen held, however, that experience in a private school should be considered of as much benefit as teaching in the common schools. A lengthy debate followed, and when Mr. McEwen's request came to a vote, it was refused by a tie.

THE PRINCIPALS TO BE PAID.

Mr. Aughinbaugh moved that the action taken at a previous meeting, instructing the Secretary to issue no warrants for the payment of teachers having charge of schools in which the text books adopted by the Board are not in exclusive use, be reconsidered.

Several members objected to Mr. Aughinbaugh making the motion, on the ground that he was not present at the meeting when the action was taken.

Mr. Fleming renewed the motion, and it was carried by a vote of 12 to 11.

The action adopting the resolution having been reconsidered, it again came before the Board, and Mr. Wilson amended it by moving that Principals on the South Side be exempted from its operations. Almost an hour's discussion followed on the question, and numerous speeches were made, but the amendment was finally carried and then the resolution as amended was lost, so the matter stands as if no action had ever been taken.

MINOR MATTERS.

A communication was read from the Board of Colfax district requesting the Central Board to rescind its action of January 13, 1874, relative to night schools, in so far as it applies to the Colfax district. On motion of Mr. Fleming the document was referred to the Committee on Night Schools with power to act.

On motion of Mr. Wilkinson the privilege of having mechanical drawing taught in the Lawrence night school was granted.

Mr. Craig filed his application for an additional teacher for the Luckey district.

Messrs. Sims, Shaw, Schultz, Rankin and Praetsch were appointed as the Visiting Committee for the ensuing month, after which the Board adjourned.

COUNTY POLITICS.

The Progress of the Campaign—The Arrangements for Meetings—A Series of Meetings Planned—The County to be Canvassed.

The Republican County Executive Committee held a meeting yesterday afternoon at the Lincoln Club Room Chairman Fulton presiding.

Mr. Denniston, Chairman of the Vigilance Committee, stated that there was no general response to the invitations to form Vigilance Committees in the various wards.

Mr. Fox thought that the committee ought to personally do the work instead of waiting for names to be sent in.

Mr. Dennison—"This is all very well, but it does not work well. It is unfair to ask us to choose from a general list, the names of whom we do not know whether they are working with us or not."

Mr. Fox then moved that the Secretary of the Vigilance Committee be instructed to confer with one member of the County Committee in each ward, with the request to send in names as early as possible. Carried.

Mr. Fox, of the Committee on Speakers and Meetings, reported that they were "ready for any emergency." That the meeting of Monday evening, all things considered, was a success, and that a meeting was to be held in McKeesport on Thursday, when Mr. R. B. Carnahan would speak, &c. Also, that his committee would meet in the rooms on Friday.

An informal report was received from the Finance Committee from which it appeared that funds were on hand for all necessities.

Mr. Myler wanted active efforts put forth on the North Side. He thought there ought to be meetings over there, and canvassing. He wanted good speakers sent over and meetings held.

Several members suggested that it would be well to execute a little economy, but it was urged on the other hand that the campaign if entered into at all should be fought with vigor, even at the risk of running in debt.

Mr. Massey (colored) favored vigorous action, and thought the necessary expenses could be easily met.

After some further discussion Mr. Gus Braun moved that two meetings be held each week, until the election on the North Side, three in the city and two on the South Side. Carried.

A recess of half an hour was then taken, to await a report from the Nominating Convention of the Third Legislative District.

The delegates from the Convention reported that they had nominated Mr. Thomas Rowswell as a Legislative candidate in that district.

The meeting then adjourned.

THIRD LEGISLATIVE DISTRICT.

The delegates to the Third Legislative District held a meeting in one of the rooms attached to the Lincoln Club headquarters, and after a brief consultation unanimously nominated Mr. Thomas Rowswell as the Republican nominee for that district.

After which the meeting adjourned.

A SAD EVENT.

Sudden Death of Dr. Murdoch Yesterday Morning—The Coroner Called who Empannelled a Jury—A Post Mortem Examination to be Made.

Yesterday morning the community was shocked at the sad intelligence of the death of one of our most noted physicians and highly respected citizens. He had been seen on the street the night before in apparently good health and when the rumor was afloat conveying the fact of his sudden demise, many were lothe to believe its truthfulness. On repairing to Dr. Murdoch's late residence at No. 68 Fourth avenue, it was only found that the report was too true, and that the doctor had expired at about half past one o'clock yesterday morning. The Coroner was notified, who at once repaired to the spot, when a jury was empanneled consisting of C. H. Love, Andrew Humbert, Esq., W. J. Anderson, W. B. Neeper, J. B. Clemens and A. Torrence, before whom one or two witnesses were examined, when the inquest was adjourned until next Monday.

The testimony of Andrew, a son of the deceased, was to the effect that his father was in his usual health on Monday night, and that he had made a professional visit to the infant child of J. C. Stroup shortly after eleven o'clock. About midnight he returned home, and entering his room, locked the door. Shortly after one o'clock the family were aroused by hearing a body fall to the floor in his room, and his son Andrew, on going to the doors and discovering them both locked, entered by a window. The physician was found lying apparently in a dying condition. Dr. LeMoyne was summoned, but by the time he arrived, Dr. Murdoch was dead. Lying by his side on the floor, was found a small phial, containing what Dr. LeMoyne thought to be an admixture of prussic acid and chloride. The deceased from the position of his body, had evidently met death without a struggle.

Deceased was said to be somewhat apopletic in his nature, but it was decided to make a *post mortem* examination, which will be done before the inquest is resumed Monday next.

Dr. Murdoch was fifty-five years of age, a native of Ireland, coming to this city in 1840. He studied medicine under Dr. Andrew McDonnell, the greatest physician of those days. He was one of the most prominent members of the medical profession, in this city, and leaves a wife and six children to mourn his untimely end.

····Yesterday evening a lady went into Maltby's oyster depot to purchase some oysters. She set her basket on the floor beside the basket of another lady, who was also buying oysters. The other lady finished her purchases, and picking up both baskets started out. The first lady on discovering her loss was, as a matter of course, in a "stew." After a while, however, the second lady brought the basket back, and apologized, saying she had taken it away in a fit of absent mindedness. It contained a gold watch and a purse with a quantity of money in it. Singular place to carry anything of value.

····Peter Slater was committed to jail yesterday by the Acting Mayor on a charge of larceny. On the 18th of August the residence of James Carr, at the corner of Center avenue and Kirkpatrick street, was robbed of a watch and chain, worth $60 and $25 in greenbacks. Mr. Carr notified several pawnbrokers of the robbery, and left with them a description of the watch. He called at Cimiotti's yesterday and found his ticker, ascertaining also that it had been pawned by Slater. He was arrested by Detective Messner, but said he had bought the watch from a man at Wilson's saloon, on Franklin street, for five dollars, and his funds getting low he pawned it for ten dollars. It is thought he knows the man from whom he purchased the watch, and he was sent to jail to give him time to think the matter up.

HEAVY "SPOUTING."

Two Men Arrested with a Large Quantity of Jewelry and Silver Ware in Their Possession.

Yesterday morning two men visited De Roy's pawn shop on Smithfield street, near Sixth avenue, and pawned a lot of valuable articles, comprising a bracelet, cross, small watch, breast pin, four pairs of spectacles, all gold, a mourning pin and pair of earrings made in the shape of a star, and also an ebony cross. In the afternoon about four o'clock, one of the men returned accompanied by a friend, but not the one who was with him in the morning, and they desired to know if they could "spout" a quantity of silver plate. Mr. De Roy was led to suspect that they had not come honestly by such a lot of valuable goods, and while detaining them in his office he sent a messenger to the Mayor's office for a detective. Herron and Messner responded at once, and after arresting the men they were searched and in their possession was found the following silver ware: Six forks, not marked, six tea spoons marked "L. C.," five table spoons marked "S. A. B.," three small table spoons marked "M. M. C.," three ditto marked "M. C.," six tea spoons marked "S. A. B.," four butter knives, not marked, and one gold pencil. The men, who gave their names as Joseph D. McClay and Joseph Marion, were committed to the Central Station-house, and will have a hearing this morning before the acting Mayor. The goods are at the Mayor's office awaiting identification.

SAD SUICIDE.

A Young Girl Found Drowned in Washington County.

Information of a very sad suicide which occurred in Washington county, as supposed on Saturday, reached this city yesterday morning. Near Wood's Run, in the county named, lived a widow lady named Clarke who had a daughter, called Mary, about thirteen years of ago. Some time since the widow married a man named Conway who had a son about eighteen years old. The persons being in humble circumstances the girl and the young man occupied the same apartment. On Friday night Mary informed her mother that her step brother had made improper advances to her and it seems that she was severely rebuked. On Saturday morning she left her home and was never seen again until Monday noon when her dead body was found in Wood's Run. The Coroner of Washington county was summoned and held an inquest when statements similar to those given above were made. A verdict of suicide was rendered.

Headquarters for Clothing.

Well may the establishment of Mr. P. Randolph, No. 87 Smithfield, be styled the "Headquarters" of fine and fashionable clothing, for such an immense assortment of Men's and Boy's Clothing of all grades and styles as he has secured for the fall trade is rarely to be found, even in a city of metropolitan pretensions. Mr. Randolph's experience in the clothing business has taught him, that parties will patronize the house that keeps goods in sufficient quantity for suitable and convenient selection. In this respect he is fully prepared, as a visit to his store will prove to the satisfaction of the most doubting customers. But, in houses carrying such a heavy stock, we usually find a very great portion of the goods of a low and inferior grade; not so here, for the stock is of uniform excellence throughout, and the representations of the proprietor may be taken as strictly true and exact. The style next claims attention, and here we have to say that clumsiness and awkwardness of make and fit are unknown to suits offered by this house, but on the contrary the neatness and style fully accord with suits to measure. And then the prices are very low, reduced to accord with the times, and real bargains can be had by those who purchase their own or their boy's clothing at 87 Smithfield street.

CRUELTY TO ANIMALS.

The Agent of the W. B. S. P. C. A. Takes a New Departure—He Pays His Attention to the Car Horses—Three Drivers Arrested—The Hearing Before the Acting Mayor.

It has already been announced by the city press, that there arrived in this city last week a gentleman named Edward N. Ladley, who is the accredited agent of the Woman's Branch of the Society for the Prevention of Cruelty to Animals. The association to which Mr. Ladley is attached is a State organization, and has its headquarters at No. 1,320 Chestnut street, Philadelphia. His arrival in this city was first made known by the commencement of legal proceedings before Deputy Mayor Irwin, against certain parties at the East Liberty Stock Yards, who were guilty of cruelty to animals, of which they had charge.

Yesterday afternoon Sixth street was visited by Mr. Ladley, and his advent created quite an excitement. Stationing himself at the terminus of the Allegheny car lines, the gentleman proceeded to inspect the horses attached to the cars, and in a very minutes he had called upon officer Michael Dean to take into custody two drivers of the Troy Hill line who were driving mules which were suffering from sore shoulders. The news that the mysterious stranger was examining the stock of the company was soon conveyed to those having charge of the lines, and in a few minutes Mr. Ladley was approached by one of those gentlemen. A conversation ensued:

Official—I have a sore foot.

Mr. L—You know how to take care of it.

Official—Of course I do.

Mr. L—Well I want to take care of these animals feet.

Official—This is a humane road.

Mr. L—I hope so.

Official—We are kind to our animals.

Mr. L—Then I am sorry to see one of your mules being driven with two holes in his shoulders which are rotted through.

Official—We try to see that none of our animals are abused.

The conversation did not seem to be a very pleasant one to the official and he left, evidently wiih a ruffled temper. Mr. Ladley, however, coolly resumed his inspection of the animals as car after car came up to the stand. He cautioned several of the drivers not to bring certain horses out of the stable again, but made no further arrests.

Passing over to the terminus of the Penn street line, near the corner of Sixth street, the anti-cruelty agent, however, found another team, one of the horses of which had a badly galled shoulder, and placed the driver under arrest.

At the 4 o'clock hearing before Acting Mayor McMasters the three arrested parties had a hearing. They were H. C. Householder, of the Rebecca street line, James White of the Troy Hill line, and J. C. Duncan of the Penn avenue line. In the first case Mr. Ladley testified that Householder was driving a mule which had a sore under its shoulder, and one on each side. In his three years experience with the Society for the prevention of cruelty to animals he had seen many cases, but this he considered one of the worst.

Major Spiking, who appeared for the railroad company, expressed regret that the mule should have been driven, but assured the Acting Mayor that the greatest care was taken that no animals should leave the stables that were not sound. He invited Mr. Ladley to visit all the stables of the Allegheny and Manchester line, promising that all animals, which in his judgment it would be cruelty to drive, should not be allowed to go into harness. The Acting Mayor stated that he was determined to assist Mr. Ladley as far as possibly in his charitable work, but that this being the first case brought before him, he would put the costs only on the prisoner, but would be more severe if similar cases were brought before him. The case of White having been disposed of in a similar manner Mr. Ladley accepted the invitation to visit the stables of the Allegheny roads.

The charge against J. C. Duncan was then taken up. The horses, which it was alleged had been driven when their driving was an act of cruelty, were standing in front of the lock-up. The Acting Mayor appointed three citizens to examine the animals, and upon their testifying that they had bad sores upon their shoulders, the prisoner was fined $10 and costs.

Mr. Ladley will remain in the city for some time yet, and will prosecute his work, as he says, "without fear or favor." He will have the sympathy of all good citizens in his philanthropic work.

ARCTIC EXPERIENCES.

Dr. Hayes' Lecture Last Night—The Frozen Truth About a Cool Climate.

Dr. I. I. Hayes, the famous arctic explorer, lectured under the auspices of the U. D. L. A., last evening in Library Hall. The audience was not a large one, but made up in quality, very measureably what it lacked in quantity. Those who stayed away missed a rare treat, and those who were present enjoyed a lecture full of instruction and entertainment that they will recall with pleasure whenever mention is made of the land of Icebergs.

The subject that claimed the Dr's. attention, was "Arctic Adventures and Explorations." The personal appearance of the noted explorer is that of a tall, well-formed, but not particularly muscular man, with a dark complexioned face, which is lit up by sparkling eyes, ornamented with a heavy mustache and rounded off with a high forehead—the head being covered with a thick growth of black hair, cut short. He is easy in manner without any of the graces of the orator, and talks in a conversational tone, in an earnest, animated style, that is seldom changed by elocutionary touches, but engages attention nevertheless, and never wearies. He talked for about an hour and a half, and yet his hearers seemed to regret his suspension.

The lecture was not a scientific discourse, but was a sort of a sketch of personal experiences in the Arctic regions. The explorer first devoted a brief space to an explanation of the geographical features of the Artic regions—using a large map, which hung in sight, to illustrate his remarks, and showing by this that, according to all explorers views, there was an open Polar sea, or basin around the North Pole, that was never frozen over, but that it was hemmed in by a border of ice that had never yet been penetrated. This border, he explained, was formed because the Polar sea was hemmed in — with only occasional breaks—by land where the ice formed and blocked up the channels though which otherwise there would be an entrance.

The lecturer next dwelt upon the importance of breaking through to this sea, in the interests of science, civilization and commerce, and then branched into sketches of the dreariness of the land, the Arctic night, the homes of the people, the habits of the people, their language, religious views, marriage and domestic customs, and physical characteristics. These details were given with a descriptive power of unusual simplicity but a vigor of language, and an eloquence at times that was electrifying. His description of the loneliness of an Arctic night,—which extends through months of time—was one of the finest passages of fervid eloquence in thought and expression, that was ever heard at Library Hall.

The lecturer also though apparently not desirous of displaying wit, managed to interweave in his story, many humorous touches that gave his details a sparkle, and a freshness that made the entertainment doubly enjoyable.

In the course of the lecture, the speaker paid a glowing tribute to the memory of Capt. Hall, and said he was justly entitled to the distinction of having shown the way to the North Pole—although he had not himself been able, to do as he desired—to plant the stars and stripes there. The speaker thought Dr. Hall was on the right track when his death occurred, and that future explorers following in his path would be able to penetrate the mystery, which had so long baffled the world.

The lecture was full of instruction and entertainment, and our regret is that space will not permit a full synopsis.

Positive Reductions and Special Bargains to Close an Estate—Extraordinary Inducements Offered to Buyers.

The panic has long since ended, and with it the hue and cry of panic prices, but we are pleased to record for the benefit of our readers, that the well-established and favorably known jewelry house of John Stevenson's Sons, No. 93 Market street, are offering bargains in Watches, Clocks, Diamonds, Silverware, Jewelry, Bronzes, Parian and Fancy Goods that throw into the shade panic prices at their lowest ebb. It is really a matter of wonderment that goods of such excellence, beauty of design and finish can be sold so exceedingly low. But the object is to close them out for the purpose of settling the estate of the late John Stevenson and the sale is therefore a bona fide one, not of antiquated and soiled goods but of such as are of a truly *recherche* character, and for which this house has always maintained a reputable business name. No better quality of goods can be offered than are offering here, and prices can be made no lower than they are at No. 93 Market street. Call and secure some of the fine and elegant jewelry now being disposed of, at the marvelously low figures at which they are selling.

The Best of Oysters and Fresh Fish.

The most palatable and healthy luxury is that of oysters and fresh fish, and parties who wish really fine, fat and healthy oysters, can procure the best in the market, by the can, quart or gallon, at the very lowest figures, by calling on Mr. B. Pulpress, No. 45 Diamond Market, or corner of Ohio and Federal streets, Allegheny. Mr. Pulpress is justly entitled to the appellation of the King Oysterman, as this bi-valve is kept by him in unsurpassed excellence, size and flavor. Orders for fish or oysters will receive as careful attention as if parties purchased in person. Facilities for supplying parties, either by wholesale or retail, are such that complete satisfaction may be expected.
